REBELS CONTINUE TO GIVE TROUBLE

Activity of Insurrectos at Various Places Reported to General Madero.

PEACE COMMISSIONERS MEET

A Complete Change of Administration is Desired by Revolutionists. Federals Will Accept Many Demands—Details.

El Paso, Texas, May 1.—Coincidentally with the arrival in the Madero camp today of advices from insurrecto leaders, telling of rebel activity in various places in Coahuila, particularly near Monterey, appeals were received by Francisco I. Madero from citizens of Monterey for an extension of the armistice zone to that region.

Gen. Madero said he would await specific information from his chiefs as to the position of their forces before making any decision. His advices read:

"Railway at Gomez Palacio and San Pedro in the hands of the revolutionists. Hard fighting is in progress at Barras, starting last Thursday. One thousand rebels are engaging 600 Federals. Much damage to property.

"Pablo De La Sanchez took 300 men from Sabinas Hidalgo, in the State of Neuvolon and is marching on Monterey."

The peace commissioners appointed by the revolutionists were in conference today with the political leaders of the insurrection on the programme to be presented to the Federal peace envoy, Senor Carabajal.

The insurrectos wish to submit three names for each governorship in the States in which the peace agreement shall allow them to name governors, the Legislature being permitted to choose one of the three.

The rebels will insist on one radical change from the procedure hitherto followed in the appointment of governors. The candidates submitted or the men chosen must be natives or long time residents of the State in which they are candidates and on the expiration of their terms, a free election shall be held.

After the selection of provisional governors shall have been made and the electoral laws revised, according to the insurgent programme, a general election shall be called to choose a president. Senor De LaBarra, minister of foreign affairs, is the professed favorite of the revolutionists for provisional president.

A complete change of political adminstration is desired by the revolutionists, and there is good ground to believe that the Federal government has already given assurance of the acceptability of some of the rebel demands.

Repulsed the Rebels.

Mexico City, May 1.—Assisted by the guns and marines of the gunboat Tampico, Col. Jose Beltram yesterday repulsed the rebels who attacked Mazatlan, according to reports received at the Department of Agriculture. Attack was begun during the forenoon and continued throughout the greater part of the day.

The guns of the warship were trained on the assailants and the large number of deaths in their ranks is thought to be the work of exploding shells. To machine guns of the artillery also played an important part in the battle. The number of casualties has not been reported.

Reports have also been received at the War Department of a battle today at Chietla, Puebla. The Federals are said to have routed their assailants.

Tehuacan, Puebla, May 1.—Rebels today occupied the town of Tlacotepec. They cut the telegraph wires, interrupted traffic on the railroad, and robbed the government offices. A number of rifles were taken. The town was unguarded.

THE NAVAL STORES CASE.

Plea of Convicted Officials for Early Review of Case Denied.

Washington, May 1.—The plea of officials of the American Naval Stores Co., for an early review of the trial in the lower Federal courts where they were convicted of violating the Sherman anti-trust law, in connection with the so-called "turpentine trust" was denied today by the Supreme Court of the United States. The court recently agreed to review the trial, but so many cases are ahead of the appeal that it will probably be three years before it will be reached. The officials about a week ago presented a petition that their case be advanced, giving several reasons therefor. The first was "the long delay that ensued since the indictment of your petitioners under charges seriously reflecting upon them, and calculated to do them serious personal and business harm."

The officials convicted were Edmund S. Nash, president of the American Naval Stores Company; Spencer P. Shotter, chairman of the board of directors; J. F. Cooper Myers, vice president; George Meade Boardman, treasurer, and Carl Moller, manager of the Jacksonville branch of the company.

Tallahassee, Fla., May 1.—The lower branch of the Florida Legislature today passed a bill appropriating the necessary money to purchase a silver service to be presented to the battleship Florida.

BIG BANGOR FIRE LOSS IS REDUCED

Three Millions Will Cover Disastrous Conflagration of Sunday Last.

QUARTER OF CITY WAS SWEPT

"Queen City of East" Will Rise Undiscouraged From Her Ashes—Only Two Victims—Many People Homeless.

Bangor, Me., May 1.—Between two and a half, and three millon dollars will cover the financial loss of the fire which destroyed approximately 285 residences and about 100 business structures in this city last night and early today. Insurance agencies involved estimate that they will lose 60 per cent. or about a million and a half dollars.

That the "Queen City of the East" will rise undiscouraged from her ashes without the necessity of asking for outside help was the sentiment expressed tonight by Mayor Charles W. Mullen and representative citizens. Most of those who lost property are well-to-do and only 75 families were reported destitute.

Search was made of the ruins today for possible victims, but tonight only two were accounted for as dead. Only a few were injured and none seriously. Armed troops patrolled the streets tonight under order to shoot in case of palpable looting.

Despite the cold rain of the early morning there has been little suffering.

Tonight the city was in darkness, the electric service being still disrupted by the burning of the branch power station; electric cars have not run since Sunday afternoon and the local telephone service is prostrated. The city hall and jail are the only important public buildings left standing.

Among the heavy losers were the University of Maine. Classes were suspended today, owing to the work of the students at the fire, but arrangements were made for resuming the law courses soon.

Early Account of Fire.

Bangor, Me., April 30.—Property valued at upwards of six million dollars was destroyed, hundreds of people made homeless and almost the entire business section of the city devastated during a conflagration which, at midnight tonight, was believed to be practically under control, although the fire was still burning in many places. A light rain fell, which helped to check the fire.

One life is known to have been lost, an unknown man, who was killed by a falling wall.

Mayor Mullen called out the local company of the National Guard and placed the city under martial rule. Portland, Lewiston, Augusta, Oldtown, Brewer and every other place within reach were asked for help and sent it. Already a score of buildings have been blown up in an effort to check the flames, and dynamite is still being liberally used.

The fire started in the hay shed of J. F. Green, on Broad street, and in a short time was sweeping through the city in a northwesterly direction.

At least a quarter of the city has been laid waste. Most of the best residential section of the city was swept away when the fire left the business

It spread out like a huge fan, with its widest part among the homes of the people.

At midnight Mayor Charles W. Mullin, in reply to a proffer of aid from Mayor Fitzgerald, of Boston, wired that he believed the fire was under control.

To the Associated Press he said: "The city has suffered a terrible blow, but I have every confidence that Bangor will come back'."

Half an hour after the first alarm had been sounded nearly a dozen buildings were in flames, and the fire was eating its way northerly up Broad and Exchange streets, on either side of Kendusgeag Stream. In its pathway were banks, office buildings, the public library and other buildings, all of which were reduced to ashes.

SONS OF THE REVOLUTION.

Congress Opens in Washington—Charter to South Carolina.

Louisville, May 1.—The 22nd National Congress of the Sons of the American Revolution, formally opened here today with the descendants of revolutionary warriors here from every State. The Congress will be in session through Wednesday. William A. Marble, president general, presided at the opening of the Congress and the delegates were welcomed by Mayor Head.

The executive committee granted charters for State societies in North and South Carolina. The Board of Trustees will meet in New York on November 19th.

General Simon Bolivar Buckner on behalf of the Kentucky society today presented to the Sons, a duplicate of the American flag which floated over Fort McHenry, Baltimore, during the bombardment by the British, September 14th, 1814.

The Big May Sale started yesterday at Rehder's Big Store, 4th Street Bridge. It was a great success, good crowds all day, all well pleased. **

BIG STRIKE ON PENNSY LINE

Ten Thousand Shopmen on Pittsburg Division Walked Out Yesterday. No Disorder—Situation on the Road.

Pittsburg, May 1.—Without further warning than might be gathered from a conference of a committee with the railroad officials last week, the shopmen of the Pennsylvania Railroad, on the Pittsburg division, extending from this city to Altoona, Pa., struck today and tonight the officers of the unions assert that about 10,000 men are out.

The unions affected are the Brotherhood of Car Men, Boiler Makers and Helpers, Sheet Metal Workers, the International Association of Machinists and Laborers, and the Federal Labor Union, an organization of foreign laborers about railroads, all of which are affiliated with the American Federation of Labor. The cause of the strike is the allegation by the men that in its retrenchment policy, the railroad dismissed the men that were active in organizing and carrying on their unions.

It had been ordered that if a strike was called, it would not be effective until Tuesday morning, but at a meeting of the executive committee at Pitcairn, Pa., last night, swift action was decided upon. No statement is forthcoming from the railroad company here beyond a denial is made that so many men are out.

No semblance of disorder characterized the inauguration of the strike and public notices have been posted by the strike committee at all shops warning strikers against disorder.

Headquarters of the strike committee have been established at Pitcairn, and meetings are being held at the various points along the division.

TOUCHES ANNEXATION ISSUE.

Illinois Congressman in Debate on Farmers' Free List.

Washington, May 1.—Speeches on the "farmers' free list" bill in the House today again sounded the note of Canadian annexation; traversed the whole range of argument concerning Canadian reciprocity already disposed of by the House, and came back at times to specific attack upon or support of the free list bill. Democratic Leader Underwood, at adjournment expressed the hope that a vote may be reached Thursday or Friday, but many members wish to speak and all desired time will be given.

Mr. Madden, of Illinois, in a speech today, touched the annexation issue. "My hope is that if we can have closer commercial relations with the people of Canada," he said, "some day this relationship may blend the two peoples into one harmonius whole; and that the territory lying north of us may become a part of the United States, as it should be. I have always believed we should be one people, under one flag, and under one form of government; and it will be better for us all when such a thing happens, if it ever does."

Messrs. Gillette, of Massachusetts, and Dyer, of Missouri, attacked the free list bill because it put jute bagging, used to bale cotton with, upon the free list, thereby threatening the bag-making industry in this country. Mr. Gillette said the industry would be transferred to India, where the cheap labor would make the bagging and that the saving to the cotton raiser in this country would be about three cents on a $70 bale of cotton.

Democrats questioned Mr. Gillette sharply about the "bagging trust" but he declared it did not exist. Mr. Burleson, of Texas, demanded to know if the whole bag-making industry was not controlled by three firms that parceled out the quantity each should make. Mr. Gillette did not believe this was the fact.

A RECORD BALL GAME.

Neither Pitcher Allowed Hit in Nine Innings in Tennessee.

Knoxville, Tenn., May 1. — What is believed to be a world's record in a baseball game was established this afternoon at Jefferson City in a game between the ball teams of Carson and Nerman and Washington Colleges. In a nine inning contest neither pitcher gave a hit. Only two Carson and Newman players reached first base, both of them having been hit by Pitcher Bowman. Washington College won—3 to 0.

Glens Falls, N. Y., May 1.—Fire today did $200,000 damage to the Union Bag & Paper Company's plant at Hudson Falls. Hundreds of tons of pulp and a storehouse with a large quantity of finished paper resin and baled waste paper were consumed and three other storehouses were slightly damaged.

CARNEGIE AWARDS TO HEROES

Thirty-Five Rewarded for Acts of Heroism—Those in the South Given—Benj. J. Cottle, of Wilmington, Honored.

Pittsburg, May 1.—Thirty-five awards in recognition of acts of heroism were made today at the Spring meeting of the Carnegie Hero Fund Commission and the issuance of nine silver and 26 bronze medals were authorized. In addition the money accompanying the medals amounts to $34,100 and pensions to widows of heroes total $1,310 annually.

The money is apportioned as follows: Six thousand for worthy purposes; $2,200, liquidation of mortgages, $3,700 for other indebtedness, $4,000 purchases of homes, $14,000 for education, $3,200 death benefits, and $1,000 for restoration of health.

In nine instances the heroes lost their lives, and the award is made to a member of the family. Twenty of the awards are made in connection with rescues from drowning, five from railroad trains, four in runaways, five in mine or well suffocation cases, and one the rescue of an insane patient from a roof cornice.

In today's awards a number of heroes in the South are recognized as follows:

Richard C. Williams, aged 23, saved Melvin B. Mayo from train at Reusens, Va., June 17, 1906, bronze medal and $1,000 for a home. Park S. Rushford, aged 25, saved Albert G. Cunningham from drowning at Manningston, W. Va., Jan. 19, 1907, bronze medal and $1,000 for a home.

Benjamin J. Cottle, aged 24, rescued Morris M. Caldwell, Jr., aged three, from runaway at Wilmington, N. C., August 28, 1910, bronze medal and $1,000 as needed.

John R. Graham, aged 36, saved from drowning George W. Thomason and attempted to save C. Lee Lipscomb at Thickety, S. C., March 9, 1910, bronze medal and $1,000 to liquidate indebtedness and other worthy purposes as needed.

Albert J. Appleby, aged 18, saved Ruthella M. Harbeson from train at Bowyer, S. C., March 11, 1910, bronze medal and $2,000, as needed for educational purposes.

Boyce Lindsay, colored, aged 16, saved E. Reynolds Smith from train at Spartanburg, S. C., May 26, 1910, bronze medal and $2,000 as needed for educational purposes.

Thomas M. Christenburg, aged 28, rescued Rufus Long, colored, from a cave-in, in a well at Charlotte, N. C., August 9, 1909, $200 to liquidate a mortgage and silver medal and $2,000 for education of children as needed.

DYNAMITE CONSPIRACY CASE.

Counsel for Union Expected in Los Angeles Soon.

Los Angeles, Ca., May 1.—Unless it be otherwise decided by Attorney Leon Rappaport, counsel for the International Bridge and Structural Iron Workers' Association, who is expected to arrive soon, there will be no motions for change of venue in the dynamite conspiracy case, or any other technical points to delay the trials of John J. and James B. McNamara.

No one visited the McNamaras today, and District Attorney Fredericks said no one would be permitted to see McManigal until the latter has testified in the trial of the McNamaras.

OUTLINES.

A fire at Bangor, Maine, Sunday swept over one quarter of the city causing a loss estimated at three millions of dollars. Some 285 residences and 100 business structures in the city were destroyed——Congressman Madden, of Illinois, in a speech on the Farmer's Free List in the House yesterday touched on the annexation issue——The legal battle against the forest reserves of the West in particular and conservation by the Federal government of natural resources in general, was lost in the United States Supreme Court yesterday——Ten thousand shopman struck on the Pittsburg division of the Pennsylvania Railroad yesterday. The strike was not marked by any disorder——Thirty-five awards as recognitions of acts of heroism were announced yesterday by the Carnegie Hero Commission at Pittsburg, Pa.——New York markets: Money on call steady 2 1-2 to 2 3-8 per cent., ruling rate 2 3-8, closing bid 2 3-8, offered at 2 1-2; spot cotton closed quiet, middling uplands 15.45, middling gulf 15.70; flour was steady with a moderate trade; wheat spot firm, No. 2 hed 95 elevator and 96 3-8 fob afloat; corn spot steady, export nominal, No. 2, corn 49 1-2 fob afloat; oats firm, standard white 39; turpentine easy.

SMITH FOR MAYOR IN CITY ELECTION

Other Councilmen Are: B. C. Moore, Perdew, P. Q. Moore and Tiencken.

THE RESULT OF YESTERDAY

Largest Vote Polled in Wilmington in A Decade—Plurality of 75 for Second Ward Man—Day's Incidents.

With the largest vote polled here in a municipal election in more than a decade, and in one of the most hard fought contests in the history of Wilmington politics, the five commissioners who are to take in hand the affairs of this city were elected yesterday. The election carried many surprises, for during the day it was impossible to tell just how the matter stood owing to the absolute secrecy of the Australian ballot system. Joseph D. Smith, of the Second Ward, led the race as he did in the primary and this carried with it the mayoralty, his plurality over his next highest competitor, M. G. Tiencken of the Fifth Ward being only 75.

The great surprise of the election was the enormous vote polled by Mr. Smith it having been a report throughout the day that those supporting the liberal ticket were not voting for any candidate in the Second Ward. His total vote was 1,433 and the next highest man was Mr. M. G. Tiencken with 1,358. B. C. Moore, of the First Ward, also made a splendid run, receiving 1,332 votes, against 1088 for his opponent, W. L. West. The closest contest was in the Fourth Ward and for a time last night the result in this ward appeared to be in doubt. Once it was reported that John J. Fowler had won by four majority over P. Q. Moore and the report was received one time at the mayor's office where the official vote was being received that Moore had won by four majority, and another report had it one majority. The official vote, however, showed he had won over Mr. Fowler by a majority of 32. Both candidates were men who had held official positions before, Mr. Fowler having been mayor for several terms some years ago and Mr. Moore having been an alderman for several terms, several years ago was a candidate for mayor, when he was defeated by a small majority. Being so well known the fight between the two was the feature of the elction and all during the day the contest beteeen the other candidates was obscured for the moment by this battle.

Not until the vote of the Third ward was received was there any certainty whether Perdew or Merritt or P. Q. Moore or Fowler were elected. With all of the wards heard from except the Third Merritt had a majority of 20 and while Moore had a majority it was reported that Fowler had a good lead in the Third and this put the result in doubt.

The first ward to report was the first precinct of the First Ward and this, as it was afterwards demonstrated, proved a fair indication of the way the election was going as the vote was extremely close. In neither the First nor the Fifth Wards did the liberal forces receive the vote expected and when the first precinct of the Fifth Ward was received Mr. W. L. West, candidate from the First Ward, practically gave up hope of the election.

It was about 8:30 when the first report was received and the vote of the Third Ward was brought in a few minutes before 11 o'clock. Much better time was made last night in counting the vote than in the primary, although the vote was much larger. The number of candidates was very different, however.

Total registration for the election was 2,963 and the vote cast yesterday was 2,664. Seventy-six ballots were thrown out on account of mistakes. A tabulation of the vote, registered, cast and thrown out for irregularities is as follows:

	Reg.	Cast	Out
1st Ward—1st Precinct..	160	155	2
1st Ward—2nd Precinct ..	425	369	5
Second Ward	437	422	22
Third Ward	620	555	20
Fourth Ward	451	407	9
5th Ward—1st Precinct..	388	342	15
5th Ward—2nd Precinct..	482	414	3
	2,963	2,664	76

An official tabulation of the entire vote in the city from the official returns made to the Board of Elections at the City Hall last night is given elsewhere in today's paper.

Although there were workers at every voting precinct and automobiles scurried back and forth over the city bringing voters, the election passed off very quietly and no disorder whatever was reported. A number of workers were stationed at each precinct with small books containing the names of all who had registered but it was impossible to tell how a man voted and about all the workers could do was to keep tab on who had voted in order to get as many to the polls as possible. In the first precinct of

(Continued on Page Eight.)

NOTABLES ATTEND PRINCETON EVENT

Wickersham Scores So-Called Progressive Movements of Government.

WILSON AMONG THE SPEAKERS

Attorney General Also Against Recall and Referendum—Declares "We Are Truly a Law-Ridden People."—Details.

Princeton, N. J., May 1.—At the thirteenth annual banquet of the Daily Princetonian, the banqueters listened to one of the principal speakers tearing to shreds the very things which another honored guest has urged ever since his election as governor of the State of New Jersey. Attorney General Wickersham, in his address preceding that of Governor Wilosn, scored the recall and referendum, and ridiculed the so-called progressive movements of the government.

The Attorney General declared that "We are truly a law-ridden people, and this tendency is stimulated by those who seek popular favor by pointing to easy remedies for obvious ills."

Continuing, he said: "In the long run, our representative bodies must and do give expression to precisely what the matured thought of the majority of the people demand."

The Attorney General said that impatient reformers may chafe at delays, as no system of law can be devised that will automatically work good.

"Temporary abuses may be corrected," he said, "but effective government cannot be conducted through the spasmodic intervention of popular uprisings. You cannot expect to secure competent men for the conduct of public affairs if they are to be commissioned as untrustworthy, subjected to constant heckling and misrepresentation, and turned out branded as unfaithful servants at a moment's notice, for temporarily unpopular acts."

Governor Wilson, who followed, made no reference to the trusts or progressivism.

The governor's topic was "Princeton's Ideals." He twice referred to the "frauds and steals connected with the capitol at Harrisburg," and said:

"That men connected with these wrongs who suffered most were not those sent to jail, but those who committed suicide, and those who through exposure sustained the contempt of their fellow citizens."

Governor Wilson said that college students enjoyed a special privilege, and that this imposed on them a special duty as citizens, and if they did not faithfully discharge this duty they were most blameworthy.

DISCUSS PROPOSED MERGER.

Yarn Spinners of Carolina and Georgia at Charlotte.

Charlotte, N. C., May 1.—A score of yarn spinners of the Carolinas and Georgia today discussed the proposed organization of a $10,000,000 merger which is being engineered largely by New York men headed by Frank L. Underwood. Details of the plan have not bee nmade public.

It is said that the scheme, if carried through, will include fully a million spindles.

Charlotte, N. C., May 1.—Cotton yarns spinners representing about 400,000 spindles held two meetings here today behind closed doors to consider the people merger of Southern mills. The proposition offered by the promoters contemplates a merger of one million spindles on ten millions dollars, of which five million will be devoted to the cash purchases of the properties and the balance reserved for working capital. It is reported that a tentative proposition has been made of $2.50 for the bonds. The mills entering the merger are to have their property assessed by Lockwood Green & Company, of Boston, and J. E. Sirrine, of Greenville, S. C., and of the assessed valued twenty per cent. is to be paid in cash, in addition to the quick assets of the mills and 40 per cent. in preferred stock and 40 per cent. in common stock in corporation merger. The promoters will retain twenty per cent. preferred and common for their work. In addition to the issue of bonds there will be $12,500,000 of preferred and $12,500,000 of common stock issued amounting to $32 a spindle. Committees were appointed to lay the proposition before the Southern mills and report at another conference. Frank L. Underwood and Leonard Paulson, of New York, two of the most interested promoters were present at the meetings.

Tampa, Fla., May 1.—With over 12,000 cigarmakers at their benches during the month of April, all former records of manufacture and shipment of cigars from any city were broken last month, over 8,000,000 cigars having been shipped. This is nearly twice as many as were shipped by Key West and from the entire island of Cuba. Customs collections also made a new high record, $238,588.47 in revenue being collected. This tops the high record made during 1907.

FOREST RESERVES CASE IS DECIDED

Legal Battle Against Reserves of West Lost in Supreme Court.

FEDERAL GOVERNMENT UPHELD

Takes Power Out of the Hands of the States to Determine For What Purpose They Shal Be Used. Details.

Washington, May 1.—The legal battle against the forest reserves of the West in particular, and conservation by the Federal government of natural resources in general, was lost today in the Supreme Court of the United States.

That tribunal not only upheld the constitutionality of the establishment of the vast reserves for any National and public purpose, but it settled once for all that the Federal government and not the State may say how the reserves shall be used.

The immediate results of the conclusion of the court are that Fred Light, a prominent Colorado cattle man, will remain enjoined from allowing his cattle to graze on the Holy Cross forest reserve in Colorado, and that Pierre Grimaud, J. P. Carajous and Antonio Inda, California sheepmen, must answer to the indictment, charging them with grazing sheep upon the Sierra Forest Reserve without a permit, in violation of regulation 45, of the Secretary of Agriculture and the statute of Congress of 1891.

The subject was dealt with in two opinions delivered by Justice Lamar. The entire court concurred. The basic principle upon which he proceeded was that "the nation is an owner and has made Congress the principal agent to dispose of its property."

The constitutionality of the vast forest reservations of the West and the validity of the modern conservation policy, were raised barly in the case in the Circuit Court of the United States for the District of Colorado.

The United States government had brought suit to enjoin Fred Light, a prominent Colorado cattle man, from causing or permitting his cattle to trespass upon the Holy Cross Forest Reserve in Colorado. A stubborn contest arose and among the other defenses put forth by Light, was the one that the formation of the Holy Cross Reserve, without the consent of the State of Colorado, was unconstitutional. As the other vast reserves in the West had been formed by a similar process of Federal action in withdrawing public land from entry, the argument applied by analogy to them. The injunction was granted and the appeal taken to the Supreme Court of the United States.

Throughout the contest, the Federal government claimed that when Light turned his cattle onto his ranch, adjoining the Forts Reserve, they followed well defined cattle there existed superior grass and water, directly to the reserve where there existed sperior grass and water supply. Such a practice, the government contended, was tantamount in law to Light driving the cattle onto the reserve.

The defense met the government with several arguments. In the first place, it was pointed out that the reserve had not been fenced by the government, and a Colorado law provided that no person should recover damages for trespass unless the land in question was fenced. Therefore, Light pointed to this law as barring the government from relief. The government retorted that the fence law applied only to individuals, and not to the State of Colorado or to the United States. If it was meant to apply to the United States, it was argued by the government that the law was unconstitutional. One of the sharp issues of the case was centered on this point.

So widespread was the interest in the case and so vital the questions involved that the State of Colorado itself threw itself into the contest. Attorney General Barnett was authorized to assist Light in fighting the Federal government. He did so.

Th Attorney General emphasized the argument before the Supreme Court that no provision of the constitution empowered the Federal government to "conserve the National resources," by providing for a continuing timber supply, regulating the flow of streams and preserving power sites from being monopolized. He urged that the withdrawal of such large tracts of land, said to be inefifth of the entire area of Colorado was the denial of equality with the older States which had been allowed to exercise dominion over all the territory within their boundaries.

A DAY OF HOME RUNS.

One Knocked In Every Game in Carolina Association.

Spartanburg, S. C., May 11.—In every game played in the Carolina Association today a home run was hit with the bases full. The hits were made by Laval, of Spartanburg; O'Halloran, at Winston-Salem, and Cutts, at Anderson.

VIRGINIA THE WINNER.

Defeated Georgetown by Score of 4 to 3 at Washington.

Washington, May 1.—Georgetown was defeated here today for the second time this season by Virginia 4 to 3. The features were the pitching of Rixey, who struck out ten men, and the fielding of Sitterin, Feenan and Davis, who made a double play, thereby cutting off more runs. Virginia won the game in the eighth inning when Driver scored a man with his three-base hit.

CAROLINA WON GAME.

Wonderful Pitching of Lee Responsible for Wake Forest Defeat.

Fayetteville, N. C., May 1.—Pitcher Lee, of the University of North Carolina, pitched a no-hit game against Wake Forest College here today and the University won by a score of 1 to 0. It was a great twirling battle between Lee and Smith, the latter allowing only three hits. The University twirler fanned only six men, but kept the Baptists' hits in the infield, the infielders having 23 chances.

A Burglar's Awful Deed.

may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadill, Tenn. If ailing, try them. 25c at R. R. Bellamy's.

CHARLESTON TOURNAMENT.

Wilmingtonians Who Will Visit South Carolina City.

Much interest is being exhibited in the golf tournament to be held in Charleston beginning Thursday of this week, the event being the annual tournament of the Carolina Golf Association, and is composed of all the leading clubs in the two States. As stated before, a special car will be operated from Wilmington and it will be known as "The Cape Fear Special."

Among the Wilmingtonians who will go to Charleston for the tournament are Messrs. C. N. Evans, R. H. Gwaltney, H. deW. Rapalje, Richard Bradley, John J. Blair, Walter Buckner, J. W. Carmichael, E. C. Holt, W. D. MacMillan, Jr., C. E. Taylor, Jr., Arthur Williams, T. H. Wright, C. McD. Davis C. VanLeuven, W. R. Sullivan, E. N. Clark, industrial and immigration agent of the Atlantic Coast Line, and J. A. McGeachy, secretary of the Chamber of Commerce. Messrs. M. F. H. Gouverneur and Raymond Hunt have already gone to Charleston, having left Sunday.

It is proposed to make the special Pullman trip a Wilmington booster's enterprise and any business men who may wish to make the trip are invited to do so.

W. G. BALDWIN FINED.

Taxed $250 and Cost for Selling Whiskey—Took Appeal.

W. G. Baldwin, the white man from Cape Fear township who was convicted several days ago in the Recaorder's court for selling whiskey, was fined by Recorder Furlong yesterday $250 and the costs. He gave notice of an appeal to the Superior Court and was placed under bond of $300, his bondsman being J. L. Bolton.

Will Shepherd, the negro who took out Mr. C. W. Polvogt's automobile several nights ago for a joy ride and while in a drunken condition smashed same by running into a telephone post, was sentenced to 30 days on the roads for reckless driving.

Robert Smith, alias Frank Aycock, the white boy who is charged with forgery, will be tried Wednesday. His bond was placed at $200 but he was unable to give it and is in jail. He is the lad who is charged with passing worthless checks at the store of S. W. Sanders and also S. E. Sellers last Saturday afternoon, and attempting to pass a check at the store of Thomas & Company. His father did not reach the city yesterday as expected.

Today is the time set for the trial of white women against whom indictments were returned at the last term of Superior Court upon charge of common nuisance. They asked for a jury trial and it was granted by the Recorder. The 25 market and grocery men arrested Saturday for alleged violation of the screen ordinance, will also be tried today.

THREE NEW ELDERS.

Added to the Session of the First Presbyterian Church Recently.

At a meeting of the congregation of the First Presbyterian Church, after the regular service on Sunday morning, it was decided to increase the session of the church by the election of two elders in addition to Mr. W. M. Cumming, who was recently elected. The congregation elected to these important positions Col. Walker Taylor and Mr. A. M. Hall. Announcement was made that the three elders recently added would be ordained on next Sabbath morning. The ordination sermon will be preached by the pastor, Rev. J. M. Wells, D. D.

Larceny of Brasses.

Policeman W. R. Applebury about 6:30 o'clock yesterday morning cleverly captured William Jenkins, colored, as he was on his way up Water, between Dock and Orange streets, with a sack, carrying 75 or 100 pounds of new car brasses, evidently stolen from the Atlantic Coast Line. The negro pretended that h had bought the brasses, but the story wouldn't go with the officer and he was locked up for hearing before the Recorder. The negro was arrested some time ago, charged with stealing cigars from the National Fruit Co., but was released for want of direct evidence.

Washington, May 1.—The officers and crew of the battleship Delaware today received official commendation from the Navy Department. The Department heartily congratulates the officers of the crew of the Deleware said Secretary Meyers in a telegram to Capt. Gove, of the vessel, "on the excellent record of efficiency maintained by her during her South American voyage and her steaming trials just held under adverse conditions."

THE FATNESS OF HEALTH.

Samose Fills Out the Curves and Makes Thin People Fat.

If you are thin, your health is not what it should be. If you are losing weight steadily, there is something wrong that should be attended to at once. You cannot be healthy and strong if you are thin.

Perfect health and good, solid beautiful flesh can only come through the use of Samose, the remarkable flesh-forming food.

This makes the thin and scrawny, plump and robust; it mixes with the food so that all of the elements that make solid bone, firm muscle and good flesh; are thoroughly assimilated and retained in the system.

Samose is not a drug or a stimulant; it is a scientific flesh-forming food that restores thin people to a normal condition of good healthy flesh.

These statements are confirmed by the J. Hicks Bunting Drug Co., and they offer to refund the money to any one buying and using Samose who does not gain in weight as promised. The risk is all theirs. The thin and scrawny can buy Samose at Druggist J. Hicks Bunting Drug Co's. store, with the knowledge that if it is not successful it will cost absolutely nothing.

FIELD SECRETARY HERE.

Official of National Rivers and Harbors Congress in Wilmington.

In the city in the interest of the great organization which he represents is Mr. S. A. Thompson, field secretary of the National Rivers and Harbors Congress. Mr. Thompson spent yesterday in conferring with a number of the leading business men of the city, and in order that he may reach the business men more generally, a joint meeting of the Chamber of Commerce and North Carolina Waterways Association has been arranged for Thursday night at 8 o'clock. It is to be hoped that this meeting will be largely attended, as Mr. Thompson is an interesting speaker and an enthusiast on the subject of harbor improvement, which is so essentiol to the development of the port of Wilmington.

RETURN TO WILMINGTON.

Mr. and Mrs. D. Wilborn Davis Make This City Again Their Home.

The many friends of Mr. and Mrs. D Wilborn Davis will be delighted to know that they will make this city their home in the future instead of Goldsboro, where they have resided for several months, and that they will be at home to their friends at No. 806 Market street. Mr. Davis is a traveling salesman for the N. Jacobi Hardware Co., and for the past two years has made his headquarters in Goldsboro. He returns to Wilmington with Mrs. Davis and they have been most cordially welcomed "home" by their many friends here.

NO "TRUST" DECISIONS.

Supreme Court Adjourned Until May 15th—No Action Taken.

Washington, May 1.—The Supreme Court of the United States today adjourned until May 15th without announcing an opinion in either the Standard Oil or the tobacco suits arising under the Sherman anti-trust law. On May 15th opinions will be announced and the court will then adjourn until May 29th the final day of the present year. The "trust" decisions are expected on one of these days.

Unless the decisions are announced on either one of these dates the trust cases will go over until the court convenes next October.

Persons who have conceived a notion that the court might consider an effect on the stock market are predicting that the decisions will be handed down May 29th.

SHIP WRECKED CREW SAVED.

Seven Members of the Schooner Olga Brought to Tampa, Fla.

Tampa, Fla., May 1.—The seven members of the crew of the schooner Olga, of Mobile, were brought to this port today in the fishing smack Mist, having been rescued from a yawl to which the men resorted when the schooner went down Wednesday night at 11 o'clock, 53 miles south of Egmont Key. The vessel sprung a leak during the heavy weather Wednesday and all efforts to save her were futile. The men were without food from Wednesday night until Saturday at noon and were in bad shape when landed here. The schooner is a total loss.

Scranton, Pa., May 1.—In an electrical and wind storm that swept this city tonight, Mary Finots, 15 years old was killed by lightning and an unidentified boy had his skull fractured by a falling sign. Four houses were blown from their foundations, a score of persons injured by flying glass, and dozens of plate glass windows in the business sections of the city shattered.

GOOD NEWS

Many Wilmington Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Wilmington are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. L. F. Rivenbark, Wilmington, N. C., says: "Dull, nagging backaches and severe pains in my kidneys caused me considerable suffering. I could not rest well and in the morning when arising felt tired and languid and had no strength or ambition. The kidney secretions were unnatural and deposited sediment, from which symptom I decided that my kidneys were out of order. When I read of Doan's Kidney Pills, I procured a box from Robert R. Bellamy's Drug store and they gave me relief almost immediately. Since then backache has never bothered me any my kidneys have been normal."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

THE BOUNDARY CASE AGAIN.

Depositions in Case of North Carolina Against Tennessee.

Asheville, N. C., May 1.—Depositions in the case of North Carolina against the State of Tennessee pending in the Supreme Court of the United States are now being taken in the Federal Court building, this city. This case involves the correct location of the boundary line between the two States, and, incidentally, the title to territory valued at more than one million dollars.

Since this suit was instituted and evidence originally introduced was placed before the United States Supreme Court, the field notes of William Davenport, one of the surveyors appointed by the States of North Carolina and Tennessee to survey the line in 1821, have been found, and on the strength of this discovery the United States Supreme Court has re-opened the case for further evidence. With this new evidence North Carolina now claims that she is entitled to 24,000 acres of land now lying in Tennessee.

BOILER INSPECTORS.

Government Positions That Will Pay Well—Examinations Here.

(Special Star Telegram.)

Washington, D. C., May 1.—June 7th and 8th examinations for the position of locomotive boiler inspector will be held at Asheville, Charlotte, Durham, Goldsboro, Greensboro, Raleigh and Wilmington. The place pays $1,800 a year and traveling expenses. Senator Overman was notified of the examination today. H. E. C. B.

MAY LEASE C. & O.

New Road May Be Controlled by the Chesapeake & Ohio.

New York, May 1.—To Frank Trumbull, chairman of the board of directors of the Chesapeake & Ohio Railway Company was referred a report tonight that the company was negotiating a lease of the Carolina, Clinchfield & Ohio road. Mr. Trumbull said that he could neither confirm nor deny the report, but gave the impression that some "figuring" was going on.

The report is that the C. & O. proposes to construct a line from Dante to Elkhorn City which would connect the systems, the expense to be met by funds raised by the Clinchfield railroad on securities bearing the C. & O.'s guarantee.

DAY'S DOINGS IN RALEIGH

Farm Life Schools and Educational Matters—Railroad Affairs Before Corporation Commission—Other News.

(Special Star Correspondence.)

Raleigh, N. C., May 1.—State Superintendent of Public Instruction Joyner just back from a trip to Sampson and Robeson counties, says there is every prospect that Robeson will give a good big majority for the establishment of a farm-life school in the election on bonds to be held May 9th.

The State law requires that a county must provide bonds for a $25,000 plant and take care of $2,500 of the running expenses of such a school and then the State will give an additional $2,500 annual maintenance fund. Mr. Joyner delivered seven speeches in the three days he spent in Robeson.

In Sampson county Mr. Joyner participated in the programme for a big county educational rally at Clinton for which there were farmers and others there from every section of the county and a gratifying degree of enthusiasm for educational progress manifested, including a lively interest in the inauguration of steps for the establishment of a farm-life school.

The State Normal schools for negroes at Elizabeth City and Fayetteville closed during the past week and the school at Winston-Salem will close in May, the past sessions of all three institutions having been very satisfactory as to progress made. There are 400 students enrolled at Elizabeth City, 280 at Fayetteville and 400 at Winston-Salem. There is a $15,000 dormitory building in process of erection at Elizabeth City, the plant there being valued at $40,000. The plant at Winston-Salem is at least equally valuable, and an excellent new $10,000 dormitory has been provided at Fayetteville.

Three charters were granted today. The Marion Insurance & Trust Co., Marion, McDowell county, capital $10,000 by J. W. Pless and others; The Asme Motor Co., Winston-Salem, capital $125,000 authorized and $3,000 subscribed by J. W. Clayton, R. Duke Hay and G. W. Painter, for motor car and air-ship business, and the Northwestern Telephone & Telegraph Co., of Townsville, Vance county, capital $10,000, for telephone exchange and long distance service, incorporators G. W. Morrow and others.

Practically every railroad town in North Carolina is deeply interested in a litigation that is to be re-argued in the Supreme Court this week at the foot of the 13th district calendar. This is Goldsboro vs. Atlantic Coast Line Railroad Co., in which the Coast Line is seeking to prevent by injunction the enforcement of an ordinance by Goldsboro aldermen to compel railroad companies to make their tracks conform by lowering them, to the street grade, where they occupy any part of the street. Goldsboro is building a boulevard where the Coast Line tracks invade the street squares and its normal grade conforming to approaches is six to eight inches higher than the street grade, interfering with drainage and marring the appearance of the street. The case was argued regularly six weeks ago but the members of the Supreme Court find themselves so badly divided that a settlement of the case seems impossible. So the court now calls upon the counsel in the case to re-appear and argue the points at issue again. Geo. Elliott and W. C. Monroe are representing the railroad company and Aycock & Winston and Humphrey are making the fight to uphold the right of municipalities to control the grade of railroads invading streets, by enforcing the lowering of tracks where necessary to this end.

Comment here is that it is decidedly remarkable that after all the fight that was made during the Legislature by traveling men and others for pulling mileage on trains and the subsequent compromise that the railroad companies be required to provide a second window at all stations where there are 2,000 or more inhabitants, for the special accommodation of holders of mileage books, the Corporation Commission to have power to suspend application of the act where the two windows are shown to be not needed, that there should finally be only nine towns in the State where the double windows are actually required when the law becomes effective May 1st. These are Wilmington, Fayetteville, Asheville, Durham, Salisbury, Greensboro, Charlotte, Winston-Salem, with Hendersonville included only during the mountain resort Summer seasons. However, the showing of mileage issued at the 55 stations just exempted was so small that the members of the Corporation Commission declare there was nothing left for them to do but allow the exemptions until there are showings of mileage ticket business to justify the extra window expense. For instance, points like Elizabeth City averaged for the past month 18 mileage tickets per day; Greenville, 7; Kinston, 21; Newbern, 28; Washington, 16; Concord, 31; Gastonia, 32; Morganton, 12; Goldsboro 24; High Point 9; Greenville 13. The Commission proposes to open the matter of double windows at any time for any of the points exempted whenever it may be desired to undertake to show that congested ticket service justifies the additional equipment.

RALEIGH ELECTION TAME.

Was All "Cut and Dried" in the Recent Primary.

(Special Star Telegram.)

Raleigh, N. C., May 1.—Only 445 votes were cast for Mayor out of a total of 2,460 registered in the municipal election today. The ballot was cut and dried on the nominees of the recent primary with only Democratic candidates in the field, however, scattering votes were cast including E. C. Duncan and Josephus Daniels, for mayor. The vote in the main was for the Democratic ticket headed by James I. Johnson for mayor; Thomas Badger for police justice, and others. All were duly elected. They take up their official duties Friday.

MURDER IN COLUMBUS.

White Man Shot Another at Grists Last Saturday—Lodged in Jail.

(Special Star Correspondence.)

Whiteville, N. C., May 1.—Another killing has occurred in Columbus county, this time at Grists, a station on the Coast Line between Chadbourn and Cerro Gordo. There were all kinds of reports in circulation but it seems that all the parties were drinking and the shooting was the outcome of a general carousal. It is said that a man named Grainger who hailed from South Carolina, had been selling whiskey to the strawberry pickers. Last Friday night Bud Nobles and Wiley Hammonds met Grainger on the street at Grists when a quarrel ensued. Grainger had a shot gun and firing, it is said, at Hammonds, against whom it is said he had a special grudge, inflicted a few slight wounds, but the load entered the leg of Bud Nobles, cutting an artery. Dr. Baggett was at once summoned and hastened the wounded man to the James Walker Memorial Hospital in Wilmington, where he died of his injury. Grainger was arrested by Town Marshal Macomber of Chadbourn, and is now in jail here. It is said that Hammonds has been reporting the blind tigers around Chadbourn and his life has been threatened.

Messrs. W. J. Meredith and Jeremiah Moore, of Wilmington, spent yesterday in Whiteville, visiting Mr. T. S Memory. In the afternoon Mr. S. E. Memory drove the gentlemen over and around town.

Last Saturday Mr. Dave Smith, a brother of Mr. Seth L. Smith, met with a very painful accident. He was riding a mule when some one dashed by on a bicycle. The animal took fright and before Mr. Smith could contr l him, he was dashed to the ground. Mr. Smith's jaw bone was broken, several teeth knocked out, and he received several very painful injuries. He is being attended by Dr. Crowell, who says that while his injuries are by no means fatal, they are exceedingly painful.

Last Saturday Mr. John C. Hooks, one of our respectable farmers living in the Prong section sold 19 bales of cotton to Mr. J. D. Maultsby for which he received 14 7-8 cents per pound, the 19 bales bringing him $1,423.98, which is about $75 per bale.

Mrs. Annie Sutton, of Louisiana, is on a visit to her brothers at Wananish, the Messrs. Council. Mrs. Sutton is a very brilliant lady and her many old friends are delighted to see her. She lives on the Texas border near the Beaumont oil fields.

WRECK ON COAST LINE.

Cars Damaged at Rocky Mount—Ticket Window Service.

Rocky Mount, N. C., May 1.—An accident in which no one was hurt though the pilot of an engine was broken off and three ballast cars spintered and a refrigerator car on the siding was damaged, occurred this morning at the Bassett street intersection of the main line of the A. C. L., due to the switch having been left open. The accident is what is known in railroad circles as a sideswipe, and it occurred while train No. 209 from Richmond, was pulling into South Rocky Mount, while on the east track local freight No. 342 was leaving northbound. The switch left open diverted a train from the west track of the main line to the east track and when the northbound train suddenly turned into this switch it caused a sideswiping collision that overturned the three ballast cars and practically splintered them. The damaged refrigerator car was standing on a siding to the east of the main line.

The steam wrecker was put to the task of clearing the track, though the main line, both tracks was blocked but main line both tracks was blocked but wreckage soon cleared the west track. The damaged engine No. 1009 is one of the new type recently purchased by the company. The accident occurred within a stone's throw of the horrible catasthrope of last Thursday when, by burning of the Pullman car "Yucca," Mr. J. Probestine lost his life and two other persons were injured.

The fifty-two exemptions from the establishing of two ticket windows at passenger stations, one for the exchange of mileage and the other for the sale of tickets, in cities and towns of more than 2,000 inhabitants, did not include Rocky Mount, and while the press dispatch that contained a report from the Corporation Commission failed to state that Rocky Mount was included in the cities that will have this new accommodation, still the Atlantic Coast Line sent in no demurrer from this point but instead appreciated the fact that the additional window was needed and the same saw service for the first time last night at mid-night in accordance with the law. The crowded condition around the ticket window is no longer the case, as was seen this morning and both the mileage pullers and the cash fare people are waited on with dispatch.

GOLDSBORO TRAIN.

Some Modification of Recent Order Will Probably be Asked.

(Special Star Telegram.)

Raleigh, N. C., May 1.—The Corporation Commissioners say the railroad has not yet appealed from the order for the Norfolk-Goldsboro shoo-fly to be operated. There will probably be some modification asked for by the railroad to the possible extent of the operation for a trial period of months as to patronage. The Commissioners say there will be some order involving the train tomorrow anyway. The Commissioners say the railroad has not appealed.

THE WATKINS TRIAL.

No Verdict Likely Until Noon Today. Concluding Argument.

(Special Star Telegram.)

Asheville, N. C., May 1.—The case of F. C. Watkins, charged with the murder of John Hill Bunting, will likely go to the jury before noon tomorrow, the trial being delayed by the non-arrival of Judge Webb until noon today.

There remains one speech to be made by Solicitor Reynolds, and the judge's charge. After a recess from Saturday arguments were resumed today, Judge Thomas A. Jones, for the prosecution making the opening argument. He spoke about two hours and a half. His speech was a masterly effort. He was followed by Hon. Locke Craig, of the defense, who spoke nearly three hours. He emphasized the statement he had never criticised the U. C. T. and T. P. A. organizations for aiding the prosecution and said he recognized their right to do this. It was nearly 8 o'clock when court took a recess until Tuesday at 9. Both sides were ably represented, some of the best criminal lawyers in the State being employed. It has been a hard fight from start to finish. Every inch of ground was hotly contested, so much so that to forecast the resoult would be mere conjecture.

INDICT NEGRO CASHIER.

Result of Failure of Savings Bank at Richmond.

Richmond, Va., May 1.—Five indictments alleging thefts amounting to $2,442.50 from the Savings Bank, Grand Fountain True Reformers, a colored order, were returned today by the Hustings courts grand jury against Reuben T. Hill, colored, cashier of the bank up to the time of its recent failure.

Agnes B. Reese, colored, an assistant of Hill's was indicted on six counts alleging fraudulent entries on the books of the bank for her own benefit and the benefit of Hill.

The woman was arrested shortly after the failure of the bank. Hill then disappeared and his whereabouts are still unknown.

Thousands of colored people throughout Virginia and in other Southern States lost all of their savings through the failure of the bank.

Richmond, Va., May 1.—A 40-mile gale swept over Richmond today lasting throughout the afternoon. It tempered the warmest weather of the Spring thus far, the temperature rising at 3 P. M. to 83, the maximum for the day.

Foley Kidney Pills

TONIC IN ACTION - QUICK IN RESULTS

Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

C. H. Ellsworth, Rochester, N. Y., says: "For sometime past I have been bothered with weak kidneys and bladder trouble. The action was very irregular and attended with much pain. Foley Kidney Pills gave me immediate relief and strengthened me wonderfully, and I am more than pleased to recommend their use."—R. R. Bellamy.

State of North Carolina, Department of State.—Certificate of Filing of Consent by Stockhodlers to Dissolution:

To all to whom these Presents may come—Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof deposited in my office, that the National Stamp Vending Machine Company, a corporation of this State, whose principal office is situated in the City of Wilmington, County of New Hanover, State of North Carolina, (A. B. Williams, secretary, being the agent therein and in charge thereof, upon whom process may be served) has complied with the requirements of Chapter 21 of the Revisal of 1905, entitled "Corporations," preliminary to the issuing of this certificate, that such consent has been filed.

Now, therefore, I, J. Bryan Grimes, Secretary of the State of North Carolina, do hereby certify that the said corporation did, on the fifteenth day of April, 1911, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by more than two-thirds in interest of the stockholders thereof, which said certificate and the record of the proceedings aforesaid, are now on file in my said office, as provided by law.

In testimony whereof I have hereunto set my hand and affixed my official seal, at Raleigh, this 15th day of April, A. D. one thousand, nine hundred and eleven.

J. BRYAN GRIMES, Secretary of State.

S. S. S. RIDS THE SYSTEM OF CATARRH

Catarrh usually begins with irritated, inflamed membranes of the head, nose and throat, from which there is a constant and copious discharge of watery matter. Nature intends that these membranes shall be nourished by the blood, but waste matters and impurities deposited into these delicate parts, sets up inflammation and the discharge is a natural result. There is only one way to cure Catarrh, and that is to remove the cause by purifying the blood. Washes, sprays, inhalations, etc., do not reach the circulation, and therefore can only afford temporary relief. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter, and at the same time building up the system by its unequalled tonic effects. In other words S. S. S. cures Catarrh by purifying the blood so that the mucous surfaces and linings of the body are supplied with healthy nourishment instead of being continually irritated from the catarrhal impurities. Then the inflamed membranes heal, the discharge is checked, head noises cease, the stomach is toned up, and the throat is no longer clogged with mucus. Book on Catarrh and any medical advice desired, free. S. S. S. is for sale at drug stores.

DAVID'S

Copyright Hart Schaffner & Marx

MEN of all kinds, of all sizes, of all ages, come to us for clothes, and get just what they want. Men who can afford to pay any price they please; men who have to study economy; bankers, merchants, clerks, workingmen; they all find here the kind of clothes that are best worth buying.

Hart, Schaffner & Marx

clothes are made for men who want real value; there's economy in them; the kind of economy that means saving in what you get, more than in what you pay; the economy of service, style, good fit, of being well dressed; the real economy. These clothes cost just enough to be good; you'll be surprised at how little they cost, compared with how good they are.

Let us show you the new suits; some very smart styles; some beautiful new weaves and colorings.

Suits, $18 and up.

Suits made to order, $18.00 and up; workmanship and fit guaranteed.

The Best Shirts in the World (Manhattan and Eclipse) $1.00 to $3.50. Neckwear, Underwear, Etc., equally high-class.

High Class Vaudeville Afternoon, 2:30 and 4:30. Night, 8:15 and 9:15.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Tuesday, May 2, 1911.

You can get what you want in Wilmington, so don't order it.—P. S.—This means dry goods and groceries.

Monotony is the name of a town in Kansas. That town, however, is not the only monotonous town in the country.

A Tennesseean by the name of Goodpasture is charged with trying to bribe a legislator. That name would indicate some good grazing.

Mrs. Belmont, of New York, had a man arrested because he fell in love with her. He might get even with her by pleading insanity, which would be less complimentary.

London has a curiosity in the shape of a man with three lungs. He will be the envy of Republican Congressmen who are going to try to out-talk the Democrats on reciprocity.

Dr. Wiley, the government expert, is now going after several kinds of dope sold as headache powders. The effect of these powders is often ten times worse than the headache.

We regret to note that Democratic control of the House of Representatives has greatly aggravated the speaking ability of Representative Mann, Republican leader in the House.

It is estimated that this country last year spent $78,000,000 for candy. No doubt most of that money was spent by young men who know haw to use a box of candy to the best advantage.

"A tactful diplomat is little more than a clever liar," says Professor Brecht. He also has to be an artist of sufficient ability to indulge in a winning smile every time he is handed a lemon.

A Wishangton girl jilted a man and he tried to drown his troubles by jumping into a canal. That man acted just like there isn't but one girl in all the world. Some men never stop to think.

King George's Coronation will be distinguished by the presence of "champeen" Jack Johnson, who says he is "sho goin'" If the black pugilist can't get noticed any way else he will get in jail while in London.

The Chinese people are objecting to the borrowing of huge loans from foreign countries.The Chinese have found out that foreign countries send their armies and navies to do collecting for their financiers. That precedent has already been established.

While Republicans in Congress will make speeches full of woeful predictions concerning any kind of revision of the tariff, Republicans on the outside will carry out those predictions by shutting down their factories. The Republican argument does not consist alone of windjamming.

The speech made by ex-Speaker Cannon against reciprocity a few days ago was three hours long. That is a pretty good start in the way of inflicting punishment on the House for dethroning Cannonism. At odd times the House may be made to suffer from this brand of New Cannonism.

This is the era of the world's greatest progress. Progressivity is the order of the day with men and cities. The city that isn't trying to get ahead of some other city or to keep up with the most progressive cities will get left in spite of its advantages. Live men in some cities count for more than the natural advantages of other cities. Get some ginger in the campaign for Greater Wilmington.

MIXED ON THE TARIFF.

Democrats generally are so accustomed to thinking of the tariff as a revenue measure, they consider that putting everything on the free list is to be the Democratic way of putting an end to the protection greed created by the Republican protective tariffs. Hence a large number of Demrocats are astonished that Senators Simmons and Overman, of North Carolina, favored a revenue tariff on lumber, that Representatives Webb, Gudger and Doughton want a tariff on woodpulp, mica and lumber, that Florida Congressmen want a tariff on Florida products, and that Louisiana Congressmen have stood for protection for the sugar and rice industries of Louisiana.

We are speaking now with reference to the attitude of most of these Southern Congressmen when the Payne-Aldrich protective tariff bill was going to be passed by a Republican majority, and then the attitude of Southern Democratic Congressmen was to see that the Payne-Aldrich bill should have some sort of equilibrium about it. They consequently held out for a tariff on a few Southern products so the protective benefits would not all go up North, thus making the tariff taxes bear unequally upon the South. It stands to reason that with the South paying tariff taxes in greater proportion than the North or West, the section paying the least tax and getting practically all the benefits of protection would get rich at the expense of the section that has few industries to protect. Those Southern statesmen had an eye to the equalization of tariff burdens and benefits, as far as it could be had, and the alternative between making a fetish of a party platform and making a scientific tariff bill for the Nation was resolved by them in favor of the common sense involved in the scientific tairff that would not be to the detriment of their States.

The lamented Senator Vance had a clear conception of equalizing the tariff when he propounded the homely ilustration of Republican protection by likening it to a cow with the head feeding in the South while the milk and butter part ofOld Brindle was being carefully attended to in New England. He made many an audience roar by demanding that the old cow be turned end for end a while, so the South wouldn't have to furnish all the feed and get none of the milk and butter. The Vance idea was carried out in a way by those Southern Senators and Representatives who voted in such a way as to make the tariff cow change ends just a little, if no more.

The fight on reciprocity and tariff revision is going to bring all this question of equalization to the front again, and it is up to the Democrats and Republicans in Congress to give the country equalized reciprocity and equalized tariff revision. There are so few products and materials in the South on which to put a tariff for even revenue purposes, that no doubt there will be a fight to keep at least a revenue tariff on sugar, rice, lumber and coarse cottons. In levying a tariff for revenue, there is no inconsistency in Louisiana's or North Carolina's claiming that some of that revenue should be raised by a tariff for revenue on some of the products and materals of those States. Our Democratic Congress is up against a tough proposition, which it will have to settle to the satisfaction of all sections of the country by equalizing reciprocity and tarifff revision. It will win the confidence of the people or meet defeat at their hands upon these two big questions.

STATE BUILDING COMMISSION.

North Carolina newspapers are speaking in the highest terms of the State Building Commission appointed a few days ago by Governor Kitchin, under the act of the General Assembly providing for a State adminstration building near the State capitol at Raleigh. Referring to the personnel and work of the Commission, the Raleigh Evening Times says:

"That the State building commission, appointed by Governor Kitchin, could not be improved upon is the opinion of all those who have expressed an opinion on the matter. The commissioners receive no compensation other than their railway transportation and hotel bills. The Governor is not a member of the commission, and it is not known when they will meet for the purpose of organizing and making plans. The members of the commission, all men of prominence and of unusual business ability, are Col. Ashley Horne, of Clayton; A. S. Roscoe, of Windsor; Gen. Julian S. Carr, of Durham; J. A. Long, of Roxboro; J. Elwood Cox, of High Point; W. L. Parsons, of Rockingham, and W. E. Springer, of Wilmington."

The people of Wilmington were complimented by Governor Kitchin in the naming of ex-Mayor Springer as a member of the Commission. He is one of Wilmington's most prominent and successful business men, and judging from his associates named by Governor Kitchin, we should say that the erection of the State's new building will be in the hands of representative North Carolinians who will carry both ability and State pride into their work. It will be a labor of love on the part of the members of the commission, but they will do the work with the same fidelity as if the State had put them on the payroll for a couple of years. The commissioners will esteem it an honor to serve the State in this capacity and the people of North Carolina so well know the men selected by Governor Kitchin that his appointments will meet with universal approval, although some of the appointees are Republicans. Mr. Cox was the Republican nominee who contested for the governorship against Governor Kitchin.

The Commission has not organized yet, but no doubt it will soon do so, the impression at Raleigh being that General Carr will be president and Mr. Springer secretary. The specific work of the Commission will be to have charge of the erection of the State adminstration building for which the last General Assembly authorized a bond issue of a quarter of a million dollars. The act authorizing the erection of the building and providing $250,000 for the purpose, also provides for the appointment of the Commission and empowers it to purchase the land whereon the building is to be erected, the purchase to be made by agreement with the owners or by the usual condemnation proceedings employed in such cases.

The Commission probably will be engaged a year or more in the construction of the new State building, and there is lots of work ahead of it in making the preliminary arrangements, not to mention the details to be carefully looked after during the course of construction. That it will be done well, the State has every confidence.

MAKING SOUTHERN LITERATURE

In this department of the Star on Sunday morning we gave a review of "A Study in Southern Poetry," a new book by President Henry Jerome Stockard, of Peace Institute, Raleigh, educator and poet. This book is from the presses of the Neale Publishing Company, Flatiron Building, New York, which reminds us to say that this great American publishing concern, while producing hundreds of tons of American literature in book form, makes a specialty of printing the works of Southern authors.

The number of Southern books turned out recently by this one house is so perfectly amazing that we wonder if the South is entering upon a literary era while engaged in the marvelous development of her material resources, mineral, agricultural, commercial and industrial. Really, the South seems to be making book progress as well as the material progress that is now astounding the world.

A list of only some of Neale's notable Southern books contains mention of recent works by more than 50 authors. Thus a distinctly Southern literature is being builded, much of it of great historic value, not particularly confined in interest to the South but possessing world-wide interest. Of course, many of the new Southern books are of a purely literary character, while not a few are educational, making it quite possible, in the multiplicity of books, for large libraries to be wholly made up of distinctly Southern literature.

Indeed, the Neale Publishing Company seems to be doing its part in giving to the South a literary publicity that is altogether wholesome, flattering and encouraging.

Says the Chattanooga Times: "Col. Roosevelt says it would be cruel to force him to run for President again. Owing to his athletic training, he could easily resist the force which some two or three of his friends might exert in that direction.

In 1899 the out put of automobiles in this country was 3,723, which now would hardly supply the demand in North Carolina. In 1909 the number manufactured was 127,289, and in the ten years the value of machines manufactured annually increased from $4,748,000 to $194,722,000, an increase 400.1 per cent. This seems to be a growing business and it is about time for the South to go to manufacturing automobiles so as to keep its money at home. If not, why not?

CURRENT COMMENT.

A manifesto recently issued to the Republicans of Virginia by Congressman Slemp, reads as though it might have been prepared at anti-machine league headquarters in Richmond.—Richmond News Leader.

A North Carolinian was recently appointed as policeman in Washington by virtue of the par excellence of his whiskers. The Tar Heel brand of facial shrubbery wins the world over. Even the hirsute embellishments of Marion Butler are said to stir feelings of awe in the presence of strangers.—Charlotte News.

North Carolina is justly proud of the record made by Dr. A. C. Dixon, a native of Cleveland county, and the most brilliant and useful member of a brilliant family. Dr. Dixon has accepted a call to a large church in London and while America loses a gifted and earnest minister London gains one who has few peers today.—Charlotte News.

Oliver, the great railroad builder, is digging dirt for the trolley between Concord and Salisbury and for the interurban between Charlotte and King's Mountain, while the Southern Power Company and the steel manufacturers have agreed to have all the steel bridges on the line of the interurban railroad between Charlotte and King's Mountain erected and ready for traffic within four months. Looks as if something were "doing," in this part of the South, does it not?—Charlotte Chronicle.

Wilmington, we think, has cause to be glad rather than sorry that its new charter, as now discovered, requires no less than 35 per cent. of the registered vote to institute a 'recall. The prospects for continued or increased political ferment, instead of substituting political methods with business methods as far as possible—the change which American cities need and which commission government was originally designed to serve—should be almost nil while a requirement like this exists.—Charlotte Observer.

Some weeks ago several hundred American negroes emigrated to Canada. There was a suggestion that the Dominion authorities would stop them at the border, but they were permitted to enter and become settlers. However, Canada is not to regard favorably the coming of negroes into her territory and restrictive measures will probably be passed by Parliament. The basis of the restriction will be that the negro is not suited to the cold climate of Canada and is likely to become a public charge. Even that poor excuse is better than none, but why wouldn't it be well enough to come out flat-footed and tell the truth?—Savannah News.

It has been noted in the Chronicle that the work of completing the great electrical power plant at Blewett Falls, the dam of which bridges Anson and Rockingham counties, is under way. In celebration of this event—the beginning of the end, as it were—Governor Kitchin, Colonel Johnson and others will be given a lunch at the plant next Tuesday. The resumpti of work on this plant is one well worth celebrating. Its completion will give electrical power with all which that implies, not only to Rockingham and Wadesboro and to the entire Pee Dee section, but to Wilmington and the towns between. It is one of the most important development works in the South, second only to the Southern Power Company.—Charlotte Chronicle.

Vineland, N. J., May 1.—Miss Susan Fowler, celebrated for many years as the original bloomer woman, died here today aged 87 years. For more than 67 years she wore trousers instead of skirts. Up until a few years ago she cultivated her farm near here herself.

COMPULSORY EDUCATION WINS.

Three Virginia Counties Voted in Favor Yesterday.

Harrisonburg, Va., May 1.—Three districts of Rockingham county—Central, Plains and Linville, with a total population of 18,000 people, today voted on the question of compulsory education, deciding in favor of the measure by a vote of 284 to 21, with several precincts to hear from. Last week Harrisonburg, the county seat, blazed the way by the overwhelming vote of 348 to 11 in favor of the measure. Two weeks from today the two remaining districts, with a population of 15,000 (Stonewall and Ashby) will vote on the question.

Rockingham county is the second in the State to take advantage of the referendum or enabling act, which was passed by the General Assembly of Virginia in 1908. About a year ago, Allegheny voted in favor of the measure.

The law will compel the attendance in the nearest school of all children between the ages of eight and twelve years for a period not less than 12 weeks in a year.

THE TENNESSEE SCANDAL.

E. C. Goodpasture Arrested for Bribery—Bond Fixed at $5,000.

Nashville, Tenn., May 1.—E. C. Goodpasture, of Overton county, recently charged by Representative J. Q. McDonald, of the same county, a fusion filibuster, with offering to bribe him just prior to the convening of the Tennessee Legislature, was arrested today on a warrant sworn out by Henry Beach Carre, president of the Tennessee Anti-Saloon League, on the charge of bribery or offering to bribe. Goodpasture's bond was fixed at $5,000.

McDonald charged a few days ago that oGodpasture offered him $1,500 to vote with regular Democrats for the repeal of election and liquor laws. Both Goodpasture and McDonald are Republicans.

MEANS A NEW RAILROAD.

Charter Issued at Richmond for Line in Virginia.

Richmond, Va., May 1.—A charter was issued here today to Washington city people for a railroad from a point in Virginia opposite the District of Columbia to the city of Winchester, this State, and running through the Virginia counties of Alexandria, Fairfax, Loundoun, Clarke and Frederick. The maximum capital stock of the road is to be $3,000,000, the minimum $1,000,000. The principal office is to be at Rosslyn. The name of the road is the Washington and Old Dominion railway. C. M. Hendley is president.

GRANDMOTHERS'
BEAUTIFUL HAIR

Color and Beauty of the Hair Preserved With a Harmless Remedy Made From Sage.

Druggists everywhere comment on the fact that they are selling large quantities of sage for making old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair, making it fluffy and beautiful and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations, called Wyeth's Sage and Sulphur Hair Remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Special agent: J. Hicks Bunting Drug Co., Front and Grace streets.

WORK ON BRIDGE SUSPENDED

Men Employed at Sixth Street Bridge Not Paid Off Saturday—Contractor Absent Ten Days and Nothing Heard of Him.

Work on the Sixth Street Bridge over the tracks of the Atlantic Coast Line in this city, was suspended yesterday and further progress on the structure will depend upon the action of the Southern Construction Company, of which Mr. R. W. Curtis is the president and is said to virtually be the entire company. The men employed upon the work were not paid off Saturday and they failed to return to work yesterday morning.

Mr. Curtis left here about ten days ago after receiving the payment due by the city upon the steel for the bridge being delivered. It was first stated that Mr. Curtis would return last Thursday, then Friday and so on from day to day but he has neither returned nor, as far as the Street Commission knows, has any word been received from him. Yesterday morning the men employed in the construction work were at the office of the Street Commission to see what the chances were to receive any pay but were informed that Mr. Curtis had received all he was due up to this time. Others than the streets hands are wanting money, the largest bill being one from the Des Moines Bridge & Iron Company, which company furnished the steel and it is claimed certain fabricating work was necessary and amount due for this has not been paid. The Des Moines Company was to receive $5,000 for the frame work of the bridge and the fabricating work is extra. A representative of the bridge company has been here relative to the amount claimed but no adjustment has been made of it.

The original contract called for $7,500, this including both the steel and cost of erecting the bridge. Under the terms of the contract 50 per cent. of the contract price was to be paid upon delivery of the steel and about ten days ago $3,750 was paid out, $2,500 of the amount going to the Des Moines Bridge & Iron Company, and several other accounts were paid, the actual sum turned over to Mr. R. W. Curtis being $702.74.

The stel is on ground and is supposed to be all that is needed in the construction of the bridge. When the contract was awarded for the work a bond was executed by the Southern Construction Company, of Burlington, in the Fidelity & Deposit Company, of Baltimore, in the sum of $3,750 for the faithful performance of the said contract. The bond calls for $25 per day liquidated damages provided the bridge was not completed by a certain date and the date named has alreay passed.

A meeting of the Street Commission has been called for this afternoon at 3 o'clock and action will probably be taken in reference to the matter.

SUNDAY SCHOOL OUTINGS.

Festive Season at Gay Lumina Has Begun—Wrightsboro Yesterday.

The gay and festive season for the Sunday Schools of Wilmington and surrounding country, as guests of the Tidewater Power Co., began yesterday and will continue for 30 days. Yesterday morning the Sunday School of Wrightsboro, Mr. F. J. Dempsey superintendent and numbering 89 strong, went down on a special car of the company and returned yesterday evening at 5:15 P. M., after a delightful outing at gay Lumina. A more perfect day could not have been imagined and the young people and their teachers enjoyed a splendid outing.

Today one of the largest Sunday School parties of the season will journey to Lumina on four special cars. This will be the outing of St. James', St. John's and St. Paul's Episcopal Sunday Schools and fully 300 people are expected. Tomorrow the Castle Haynes and Salvation Army Schools will enjoy their outings as guests of the Tidewater Power Co.

PILOT BOAT GOES DOWN.

Craft Formerly on Cape Fear and Named for Wilmington Lady.

The following press dispatch from Mobile, Ala., regarding the loss of a pilot boat, formerly of the Cape Fear and named for a Wilmington lady, a daughter of Capt. John W. Harper, will be read with interest and regret by many people at this port:

"Mobile, Ala., April 29.—The pilot boat, Louise Harper, was struck on the port quarter today by the steamship Agnella, from Puerto Cortez, and sank within a short time. The pilot boat crossed the bow of the Agnella to put a pilot aboard.

"The vessel was taken in tow by the Agnella and afterwards by a coastwise steamer, the Manatee, and towed to shallow water, where she sank. A government boat conveyed the crew to Fort Morgan."

WHO IS TO BLAME

For So Many Sickly Children?

We hear of so many children who are thin, delicate, ailing and tired all the time, we are led to ask what is the cause, and who is to blame?

Don't blame the children—they have no strength. They play hard, work hard at school, and rapid growth takes all their strength.

It is the mothers of all such children who are to blame, for if they only realized what our delicious cod liver and iron tonic will do for their little ones, they wouldn't sleep at night until they had started them on Vinol.

Only a few days ago a case came to our attention—Mrs. W. H. Gilmore, of Durand, Mich., had a little daughter nine years of age. She was weak, pale, ailing and nothing seemed to do her any good. She gave her Vinol and she began to thrive at once and gained rapidly in weight, color and strength.

We positively know Vinol will build up your little ones and make them healthy, strong and robust. Try a bottle and if you are not satisfied we will return your money. We make this offer to show you our confidence and belief in Vinol. Robt. R. Bellamy, Druggist, Wilmington, N. C.

RAILROAD SUIT FOR DAMAGES

B. H. Everett Asks $20,000 From Atlantic Coast Line for Injuries Received on Yards in This City—Complaint.

Complaint was filed and served yesterday in a suit in which B. H. Everett by his next friend, W. B. Everett, has brought against the Atlantic Coast Line Railroad Co., for $20,000 damages for injuries which the plaintiff sustained February 17th, 1910, while engaged in shifting cars on defendant's yards in this city, at Smith's Creek. Ex-Judge E. K. Bryan and Herbert McClammy, Esq., appear as counsel for the plaintiff.

The complaint sets out in detail that while shifting and placing cars and making up a train the engineer and yard conductor caused to be coupled to an engine about ten freight cars equipped with air brakes and were carrying the cars to the lower yards of the company on Front street, down a long and steep grade and that the agents and employes of the company before leaving the yards negligently and carelessly failed to couple up the air to the engine so that the train could be handled by the engineer from the engine and that in coming down the grade the yard conductor discovered it would be necessary to send someone on top of the cars to apply the hand brakes, the plaintiff being ordered to do so; that on obedience to command of the plaintiff's superior as aforesaid, he mounted said cars, put on the brakes to one car and was going to another when without warning the engineer carelessly and with great power turned on the air to the engine with such violence as to stop the train with a jerk, throwing the plaintiff off the cars and down between them, where he was run over, suffering the loss of an arm, injury of the back, body and head, seriously and permanently disabling him for life.

The complaint was executed by leaving a copy of the same with Mr. Junius Davis, counsel of the Atlantic Coast Line Railroad Co.

GRAND OPENING THIS EVENING

Catholic Bazaar Will Be Launched This Evening in New Woolvin Building—Delightful Affair Promised.

In a blaze of light and a riot of color, the big Catholic Bazaar, which will hold forth the remainder of the week in the large hall in the new Woolvin Building, on Princess street, will open this evening promptly at 8 o'clock and present indications are that it will prove a magnificent success from every point of view.

Last night at headquarters, arrangements for the big fair divided interest with the crowds out to receive the election returns and General Chairman H. T. Bauman and his large corps of assistant committees were as busy as the proverbial bees in an effort to have everything in readiness for the opening. The interior of the hall presents a beautiful appearance; all the booths are attractively decorated and the walls and ceiling are draped with the National colors, which are the colors of the Knights of Columbus, under the auspices of which the big fete is to be held. It is officially announced that the opening will take place at 8 o'clock this evening and continue until 12 o'clock tonight and that the hours for the remainder of the week will be from 5 in the afternoon until 12 at night. This will afford an opportunity for everyone to attend the bazaar and it is believed that the patronage will be quite large as it should be. The committees have spared no pains or expense to make of the affair one of real pleasure for all who attend.

There will be no formalities in connection with the opening but a royal good time for everybody. There will be music by an orchestra and a host of delightful features for each evening. The capital prizes are to be disposed of and these are coming in every day. The committee feels deeply grateful to Mr. H. E. Longly for a very elegant lavatory and Platt & Haar have given a very handsome Deltox art square that will prove of real delight and pleasure to the possesor who will be determined during the fair. All donations will be acknowledged in due time and the committee assures each and everyone that every gift is appreciated.

In addition to the music by the orchestra there will be a programme of music each evening and some of Wilmington's favorite singers will contribute to the programmes. Among the sweet singers that will be heard in special selections may be mentioned Mr. Frank Banks, of the Bijou, and Mr. Baldwin, of the Grand. Everybody is cordially invited to attend the bazaar and are assured of a god time.

K. of P. Social Meeting.

The regular meeting of Clarendon Lodge No. 2, K. of P., tonight will be of a social nature and refreshments will be served in honor of the "Blues" the winners of the late contest for increasing attendance in this lodge. The second rank will also be conferred and members are requested to attend.

MONEY.

In every community there is enough money in hiding to start a bank.

This money is not only liable to be lost by theft or fire, but is placed where it does not bring in any income to the holder—neither is it of any use to the public.

Deposit this DEAD money with this bank. There it will get into circulation and be of some benefit to yourself and also to the community. Do it today.

The Southern National Bank

BOARD OF COMMISSIONERS

County Fathers in Regular Monthly Session Yesterday Afternoon—Jurors for Superior Court Last of May — Notes.

The Board of County Commissioners were in regular monthly session yesterday afternoon at the Court House, but little business of public interest was transacted, the meeting having been unusually short. Jurors for the two-week's term of New Hanover Superior Court were drawn to serve for the term which convenes May 29th.

The Board was called to order at 3 o'clock, Chairman D. McEachern presiding and Messrs. Divine, Metts and Kerr and Register of Deeds John Haar, clerk officio, in attendance.

Mr. J. B. Hewlett, recently appointed fish inspector, appeared before the Board and was duly qualified according to Section 663, Laws of 1909. The law applies to packers of salt fish and the fees of office are to be paid by the shipper, five cents per barrel of 200 pounds and over and 2 1-2 cents for half barrels or under.

Frank Solomon, colored, 81 years of age, of Cape Fear township, was granted $250 per month on the outdoor poor list for his sister, Caroline Solomon, aged 88, deaf, dumb, blind and helpless.

Chairman McEachern reported that D. F. Klein was unable to serve as registrar for the bond election in Harnett township and Mr. J. A. Montgomery was appointed in his stead. J. D. Bowen was appointed in Third Ward, vice H. B. Hines, resigned.

Chairman McEachern, ex officio, a member of the county and city board of health, under the new law, discussed informally with members of the Board the advisability of employing jointly with the city a superintendent of health to give to the duties of the office all his time. Chairman McEachern stated that he had been approached on the subject. Commissioners Divine, Metts and Kerr were of the opinion, from past experience, that the duties of the county superintendent appear fully sufficient to require all of one man's time, his duties including the care of the county convict camps, the county home, the county jail and the outdoor poor. The Board generally did not take favorably to the suggestion, no action having been taken, the matter having been taken up purely as an advisory proposition.

The report of the superintendent of health showed 16 cases of smallpox and one of dyptheria during April. Whooping cough and measles were generally prevalent throughout the county during the month; 156 patients were treated in the office during the month. One case of fever in the camp and one at the farm with a chill at the camp constituted the acute diseases in the county institutions during the month.

Upon motion of Mr. Divine, the clerk was instructed in future to issue all orders for outdoor poor supplies generally, instead of specifically, it being explained that the desire is to have these orders payable in supplies wherever presented, protecting the person to whom they are issued against possible overcharge where the element of competition does not enter.

Commissioner Kerr reported having visited the County Home farm and found everything in very satisfactory condition as to preparation for crops, etc.

The following jurors were drawn for the two-week's term of Superior Court, which convenes May 29th:

Forst Week—W. W. Galloway, A. B. Sandlin, S. M. Powell, J. H. Hewlett, T. J. Dobson, E. F. Hall, J. A. Mc Norton, A. L. Freeman, J. A. Nixon, B. J. Jacobs, J. P. Smith, J. L. Kelly, D. L. Swain, J. S. Brittain, Geo. M. Millan, A. W. King, Geo. F. Lucas, Jr., D. C. McKeithan.

Second Week—R. L. Knox, W. S. Bernard, I. S. King, E. W. Geo. Alexander, N. B. Rankin, Jno. H. Williams, Jeff Lewis, Geo. M. Grant, A. J. Mitchell, L. Stein, H. W. Strickland, G. E. Leftwich, L. L. Brinson, C. L. Taylor, Fred W. Dick, J. Edwin Bunting, A. H. Stanland, G. W. Britt.

REQUISITION REQUIRED.

Young Man Charged With Election Frauds in Delaware Won't Return.

After having given the officers to understand that he would not return without requisition and after all arrangements had been made to take him back on Sunday evening, Benjamin W. Conoway, the young white man arrested here Saturday, charged with attempting to bribe in an election in Wilmington, Del., on Sunday morning changed his mind and said that he would not return to answer the charge against him without formal extradition. The attorney general of Delaware was immediately notified of the change of the young man's mind and a telegram was received immediately, stating that the attorney general would at once take steps to have the requisition honored by the Governor of North Carolina and that an officer would be sent for the prisoner in a few days.

Mr. Davis Early Gardener.

Mr. T. E. Davis, who lives at No. 317 North Seventh street, brought to the Star office yesterday some early Irish potatoes raised in his garden. The potatoes are well matured and are likely among the first produced in this section this season. Mr. Davis is in the lead as an early gardener.

Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctors' medicine seemed as useless. Finally we tried Dr. King's New Discovery and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs it's the most infallible remedy that's made. Price 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

NAVIGATION AND PILOTAGE

Board of Commissioners in Regular Monthly Session Yesterday—Pilots' Branches Renewed —Report of Committee.

Wilmington, N. C., May 1, 1911.

The Board of Commissioners of Navigation and Pilotage met in regular session today, for the first time since the issue of the new commissions by the Governor. There were present Commissioners James Sprunt, J. W. Harper, H. G. Smallbones and William St. George, also Clerk L. Brown McKoy, all of whom duly qualified before Notary Public Meares Harriss.

Commissioner Smallbones was made chairman pro tem, and the Board then proceeded to elect permanent officers, resulting in Commissioner James Sprunt being re-elected as chairman, and Commissioner J. W. Harper as vice chairman.

Folliwing the election of officers, Vice Chairman Harper thanked the chairman cordially, in behalf of the Commissioners, for the unfailing interest and activity which he has shown in the matters pertaining to the Board and the Commissioners also expressed their appreciation of the chairman's courtesy in tendering his private office for all meetings.

The reading of the minutes of the last meeting was dispensed with, they having already been published in the newspapers and read by the Commissioners.

The Clerk reported that applications from twenty-seven pilots, for renewal of license, had been approved by the special committee from the Board and that new licenses had been issued as follows: E. H. Adkins, J. J. Adkins, J. F. Arnold, R. T. Bensel, A. C. Burriss, O. D. Burriss, H. C. Corlette, J. W. Craig, M. T. Craig, J. L. Daniels, I. S. Davis, J W. Mintz, T. M. Morse, B. F. Newton, Walker Newton, W. J. Newton, L. J. Pepper, J. L. Pinner, C. J. Piver, T. M. Savage, J. S. Sellers, C. B. St. George, J. N. St. George, Thos. St. George, Wm St. George, J. J. Weeks, J. A. Williams.

The special committee, through Commissioner Harper, reported that in the cae of Pilot J. J. Thompson's application for renewal of license, it appeared that the applicant was disabled by sickness which might permanently debar him from active work. It was therefore thought wise to defer a renewal of his license until he had recovered his health and was again able to discharge the duties of his office.

Monthly soundings report for April was read and ordered filed. It was drawn to the attention of the Board that while the reports of the soundings committees are generally very satisfactory, there is a hiatus between the area covered by the monthly soundings of the bar and vicinity, and by the quarterly soundings of the river from Southport to Wilmington, and it was ordered that in future the monthly committees shall sound from the Sea Buoy to Southport, instead of from the Sea Buoy to Buoy No. 4 1-2 as formerly. The clerk was instructed to notify the monthly committees of this change.

Inasmuch as it appeared that there had been further dereliction of duty on the part of pilots designated to make the soundings, it was ordered that hereafter the fines imposed for failure in this duty shall be strictly enforced, and that no excuse shall be valid except that of sickness.

It was also ordered that hereafter the expense of employing a boat for sounding purposes shall be borne equally by the pilots engaged in the sounding, and the chairman of each committee is ordered to see that this arrangement is complied with.

The clerk was instructed to have a blue-print made of the river channel from the Bell Buoy to Point Peter, and to supply a copy of this print to each soundings committee to enable the committees to make more comprehensive reports of their findings.

The monthly soundings report for April was as follows, showing depth, in feet, at high water, with a rise of tide of 4 feet, 2 inches.

From Sea Buoy to Buoy No. 1, least depth 31, greatest 34.

From Buoy No. 1 to Buoy No. 3, least depth 28 1-2, greatest 34 1-2.

From Buoy No. 3 to Buoy No. 2, least depth 38 1-2, greatest 38 1-2.

From Buoy No. 2 to Buoy No. 4 1-2, least depth 32 1-2, greatest 37 1-2.

From Buoy No. 4 1-2 to Buoy No. 5, least depth 30 1-2, greatest 39 1-2.

From Buoy No. 5 to Buoy No. 6, least depth 30, greatest 32 1-2.

The quarterly sounding report, covering the river from Southport to Wilmington, was also received and read. Particular attention was drawn to the soundings from Buoy No. 19 to Buoy No. 10 1-2, showing greatest depth 28 feet, and least depth 23 feet, 9 inches, this being the shoalest water shown on the whole soundings from Southport to Wilmington.

The quarterly soundings report was as follows, (showing depth in feet):

From Buoy No. 7 1-2 to Buoy No. 9, greatest 38, least 30.

From Buoy No. 9 to Buoy No. 11, greatest 31, least 27.

From Buoy No. 11 to Buoy No. 13, greatest 30, least 30.

From Buoy No. 13 to Buoy No. 6 1-2, greatest 30, least 29.

From Buoy No. 6 1-2 to Buoy No. 8, greatest 26, least 26.

From Buoy No. 8 to Buoy No. 10, greatest 26, least 26.

From Buoy No. 10 to Buoy No. 15, greatest 26, least 26.

From Buoy No. 15 to Light No. 1, greatest 26, least 26.

From Light No. 1 to Buoy No. 19, greatest 27, least 26.

From Buoy No. 19 to Buoy No. 10 1-2, greatest 28, least 23 3-4.

From Buoy No. 10 1-2 to Light No. 2 1-2, greatest 30, least 26.

From Light No. 2 1-2 to Buoy No. 21, greatest 30, least 28 1-2.

From Buoy No. 21 to Buoy No. 23, greatest 30, least 27.

From Buoy No. 23 to Buoy No. 16 1-4, greatest 30, least 29.

From Buoy No. 16 1-4 to Buoy No. 18, greatest 30, least 28.

From Buoy No. 18 to Light No. 9, greatest 28, least 27 1-2.

From Light No. 9 to Light No. 11, greatest 28 1-2, least 28 1-2.

From Light No. 1 to Light No. 13, greatest 29 1-2, least 28.

From Light No. 13 to Light No. 8, greatest 30, least 30.

From Light No. 8 to Light No. 10, greatest 28, least 28.

From Light No. 10 to Buoy No. 28, greatest 30, least 30.

From Buoy No. 28 to Buoy No. 30, greatest 30, least 30.

Anchorage in the harbor, from 24 to 30 feet. Not much swinging room.

A contention between rival pilot boats, concerning the pilotage of the steamship "Fimreite," was investigated at the April meeting, but decisions was deferred. It was subsequently decided to leave the matter for judgment by another court, as the case hinged on the question of veracity, which the Commissioners did not care to adjudge.

It was ordered in this connection, that hereafter the expense of lawyers' fees, in deferring the decisions of the Board in contention between pilots, shall not be borne by the Board, but shall be paid by the contestants in question.

The next matter taken up was the election of a Harbor Master for the ensuing year, which the chairman stated was required by law to be held on the first Monday in May.

The attention of the Commissioners was drawn by Vice President Harper to the fact that the expenses of the Board exceeded its means of maintenance, and that it therefore became necessary that the Board should retain a greater proportion of the Harbor Master fees. It was therefore ordered that the compensation of the Harbor Master for the ensuing year shall be one-half of the official fees collected by him, the other half of the fees being payable to the clerk of the Board for current expenses. elected for another year, the amount

ation, the chairman declared nominations in order, and Vice President Harper nominated Captain E. D. Wilhams. No other nominations being made, Captain Williams was unanimously elected Harbor Master for the ensuing year, beginning this first Monday in May, 1911, upon the compensation already stated.

Upon motion of Vice President Harper, seconded by Commissioner St. George, it was ordered that the compensation previously allowed the Southport Commissioners, covering expenses in attending monthly and special meetings of the Board [illegible] continued.

Clerk L. Brown McKoy was re- Having fixed the question of remuneration of his compensation to be determined at the next meeting. It was ordered that the bond hitherto required of him, be discontinued.

The chairman reported that Pilot J. J. Adkins had written him on April

PRETTY SPRING WEDDING CELEBRATED ON SUNDAY.

Of much interest to a host of friends in this city and elsewhere was the marriage Sunday afternoon at half past one o'clock, in the Advent Christian Church, Fourth and Church streets, of Miss Susie Mae Mattox, the attractive daughter of the pastor, Rev. O. T. Mattox and Mrs. Mattox, and Mr. Faro L. Blitch, of Jacksonville, Fla. The church was prettily decorated with ferns, smilax and cut flowers, presenting a beautiful scene. Hunderds of friends of the young people were in attendance. The color scheme was green and white and the effect was beautifully carried out.

The wedding marches were skilfully played by Miss Cannie Chasten, the bridal chorus from Lohengrin being upsed as the processional. The father of the bride, officiating, was the first to enter, followed by charming little Miss Sue Harper, niece of the bride, who was ring bearer, carrying a beautiful white silk basket, caught with white bows of ribbon and containing the ring. Next entered the bride on the arm of the groom, the pretty and impressive ring service being used for the ceremony.

The bride was beautiful in a gown of white Ottaman silk, hand-braided and trimmed with real lace. She carried a shower bouquet of white roses, her veil being caught with orange blossoms. After the impressive ceremony Mendelssohn's wedding march was used as the recessional, and the bridal party was delightfully entertained at a reception at the home of the bride's parents, on Church street. The young people received the happiest congratulations of a host of friends and left on the afternoon train for Western North Carolina, where they will spend their honeymoon, later going to Jacksonville, Fla., where the groom is engaged in business. En route they expect to visit relatives in Charleston, S. C. The bride's going-away gown was of Copenhagen blue silk with hat and gloves to match.

A large number of handsome wedding gifts gave evidence of the high esteem in which the young people are held. A brooch presnted to the bride by her mother was a wedding gift of the bride's grandmother 75 years ago and a valued family heirloom. The bride has won a host of friends and admirers during her brief residence in the city and the groom is held in the highest esteem where he is known. The couple carry with them to their new home the best wishes of a host of friends.

PERSONAL PARAGRAPHS.

—Mr. Joe Middleton, of the Wilmington Shoe Co., spent Sunday with relatives at Laurinburg, N. C.

N. A. Culbreth returned yesterday from Raleigh, where he spent Sunday on a visit to his parents.

—Col. Walker Taylor returned yesterday from a two weeks' business trip to New York and Hartford, Conn.

—Mr. J. W. Simpson, cashier of the Southern National Bank, returned yesterday morning from a two or three days' business trip to points in South Carolina and his former home in Charlotte.

—Among those registered at the Southern Hotel yesterday were the following: Miss Ruth White, Mrs. H. G. Hewett, Messrs. C. A. Russ and H. G. Hewett, of Shallotte, N. C.; Mr. and Mrs. W. T. Flynn, Miss Lannie Flynn and Miss Pearl Flynn, of Currie; Mr. J. A. Guyton, of Rosindale; Messrs. John Beech and M. J. Hawkins, of Hamlet; Mr. G. L. Armstrong, of Burgaw, and Mr. J. L. Strickland, of Town Creek.

BENJAMIN COTTLE, HERO.

Recent Act of Heroism in Wilmington Rewarded by Carnegie Medal.

By reference to an Associated Press dispatch elsewhere in today's paper, it will be seen that young Mr. Benjamin J. Cottle has been awarded a medal and $1,000 in cash as a reward from the Carnegie Hero Commission for a recent act of great heroism in this city, an announcement that will come with real pleasure to the people of the community.

It will be recalled that several months ago while Mr. Cottle was a clerk at Bellamy's drug store at Front and Market streets, he stopped the mad runaway of Dr. Morris M. Caldwell's horse as he dashed down Market street toward the river with Dr. Caldwell's little son, Morris Caldwell, Jr., in the buggy. The boy was out riding with a colored driver, who had left the buggy and animal for a moment with the child in the vehicle up Market street. The horse became frightened and dashed down Market street several blocks. Young Cottle saw the animal as he stood in his employer's store door, ran out into the street and stopped the horse in his mad dash with the child in the buggy, a short distance from the river.

Mr. Cottle is now in Greensboro, N. C., completing his course in pharmacy at the Page Pharmacy School and will return to Wilmington shortly. He is a young man, self-made and has a wife and children of his own in this city. He is to be congratulated upon his good fortune of yesterday.

MR. T. B. TAYLOR RETURNS.

Seaboard Air Line Man Left the City Temporarily—Anxiety Relieved.

Mr. T. B. Taylor, an employe of the Seaboard Air Line, whose absence could not be explained the past week, has returned to the city, having been called off unexpectedly on acount of illness and he is much embarrassed that undue publicity should have been given his disappearance which was purely a private matter. He was greeting his friends yesterday and assuring them that Wilmington is altogether too good a town to get away from.

Great bargains in millinery, skirts, shirtwaists and muslin underwear at Rehder's May Sale. **

SCREEN ORDINANCE AMENDED

Board of Aldermen Held Last Regular Session Last Night—Several Matters Were Considered. Recommendations.

The Board of Aldermen met last night in probably the last meeting that will be held until the affairs of the city, as far as the aldermen are concerned, are turned over to the newly elected commission, this to take place next Saturday. All members of the board were present except Alderman S. J. Ellis.

The first matter considered was the screen ordinance. It was amended so that in the fish department canvas can be used for screening instead of wire gauze, and the word "vegetables" which was omitted from the ordinance, as originally passed, was inserted. No objection was raised to the amendment of the ordinance.

Alderman B. O. Stone moved that the board reconsider the action formerly taken relative to requiring Mr. S. A. Schloss, lessee of the Academy of Music, to pay for making the repairs to the gallery, where the same had pulled loose from the supports. He explained that it was a latent defect and should not come under the head of repairs such as Mr. Schloss agreed to become liable for in leasing the Academy of Music. After discussing the proposition pro and con it was decided to relieve Mr. Schloss of payment. The cost of making the repairs amounted to about $160.

Alderman Fred W. Bonitz submitted the following recommendations to the incoming commissioners. Alderman West voting against the recommendations and Alderman Yopp not voting at all: First. That the office of city attorney be placed upon a salary of not less than $1,500 rather than a fee system, his duties being to attend all meetings of the board, draw all contracts and pass upon all contracts to be entered into by the city, conduct all law suits and attend to all civil matters pertaining to the city government; that an assistant city attorney be elected whose duty shall be to attend all meetings of the recorder's court and prosecute all cases in which the arrest was made by the city police force, to attend all meetings of the coroner's inquests and examine all witnesses with the view of keeping a complete record of all murders and to assist the State solicitor in the conduct of all felonies arising from the city, and to render the city attorney such assistance as he shall require of him, the office not to pay over $1,000 per year.

Second. That the city take over the scavenger work of the city and not let same out by contract, as in so doing are fully convinced that a saving of at least $5,000 a year could be made, or enough to run the sanitary department.

Third. That the city purchase several children's play grounds in different sections of the city, and if possible, the purchase of enough land along Macomber's ditch to make a city park.

Fourth. That the street cleaning be done by the city as at present and that it be not given out by contract.

Alderman Bonitz stated that he took up the matter with Mr. M. S. Willard of donating 20 acres of land to the city near Greenfield mill pond in view of the offer the board contends was formerly made provided a macadam roadway was built to the city limits on the south. He stated that Mr. Willard informed him that nothing would be done unless a macadam roadway was built out Fifth street. Alderman Bonitz stated further, that since the conversation he had written a personal letter to Mr. Willard. Upon motion of Alderman Hall it was ordered that the correspondence relative to the donation of the land be turned over to the new board.

This ended the business of the meeting and the mayor and members of the board expressed themselves relative to what had been done during the past two years. Mayor MacRae said he desired to thank every member of the board for the courteous manner in which he had been treated since his induction into office, but he hoped that his friends would not get him in such a fix again.

Alderman West also thanked the board for the courtesies shown him and stated that he did not know whether he would have an opportunity of serving on the new board or not.

Alderman Stone expressed himself very forcibly in regard to the manner in which the board has been handicapped during the past two years. He said that not much had been done but it was because the people of Wilmington sent a representative to the State Legislature who created commissions to handle the funds for sewerage and waterworks and also street improvements, going so far as to provide in the act that no permanent street work should be done by the direction of the board of aldermen, and also created a police and fire commission taking the police and fire departments from under the control of the aldermen. He declared that if the board of aldermen had had the power to build streets, Front street would now be a credit to the city instead of what it is. He thought that the present board was just as good as any Wilmington has had in recent years and that the board had the will to do but not the power.

Alderman Yopp concurred with Alderman Stone in his remarks and thought that under the circumstances the board had done well.

Upon motion of Alderman Hall a rising vote of thanks was extended Mayor MacRae for the service he has rendered the city of Wilmington during the past two years and for the great sacrifice he made when he took the office.

The board then adjourned to meet again next Saturday and turn over the city affairs to the commission.

Sheets, longcloth, cambric towels, and table linen at great bargains, at Rehder's May Sale. **

A CARD.

I desire through this medium to thank all who so liberally supported me in the municipal election yesterday, assuring them that their support is appreciated and as a member of the council from the Third Ward that I will serve them faithfully and to the best of my ability.

WM. E. PERDEW.

NAVIGATION AND PILOTAGE

(Continued from Page Five.)

15th, regarding a dangerous obstruction to navigation, north of Battery Island, in the eastern edge of the channel, in about 18 feet of water, directly in the track of small craft, and that the matter had been respectfully referred to Captain Earl I. Brown, of the U. S. Engineers.

Report of the Harbor Master for quarter ending April 30th, was received and ordered filed.

'Ia. BROWN McKOY, Clerk.

DANGER FROM COWS IN CITY.

Recommendation Made by City Board of Health—Last Meeting.

The last meeting of the present City Board of Health was held yesterday afternoon with Mayor MacRae, Dr. Joseph Akerman, Dr. Andrew H. Harriss and City Engineer Raymond Humphreys present.

A petition signed by Messrs. G. A. Mannly, N. E. Bunting, W. C. Peterson and Mrs. M. J. Alderman was read by the secretary in which the said petitioners requested that the Board not grant permission to L. M. Sandlin to keep cows at 305 North Fourth street, it being stated in the petition that this course was pursued by reason of the recommendation made a few nights since in an address by Dr. W. S. Rankin, secretary of the State Board of Health, to the effect that cows not be allowed in the thickly populated sections of the city. Members of the Board discussed the danger arising from flies and were of the opinion that cow lots for this reason, if for no other, are a menace to health. The request not to grant permission to keep cows on the lot above specified was acceded to.

In this connection the Board again went on record as being in favor of an ordinance prescribing a cow limit similar to the hog limit.

The usual reports were submitted by the city superintendent of health and showed that smallpox has practically been stamped out, there really being only two cases here at the present time.

REAL ESTATE TRANSFERS.

Deeds Which Were Filed for Record Yesterday at Court House.

D. Russell Foster and wife to T. L. Skipper and wife, for $10 and other considerations, property at southwest intersection of Wrightsville turnpike and Masonboro road, 190 feet on the turnpike and town lot 108 of Winter Park Gardens tract.

LOCAL DOTS.

—The British steamer Knutsford, Capt. Richardson, after discharging fertilizer here, cleared light yesterday for Norfolk.

—The schooner Waltham, Capt. Barter, arrived yesterday from Savannah for cargo of lumber and piling for northern markets.

—Dr. A. C. Nielson in the following proclaims himself a philosopher and a man of sober judgment. He hands in the following for publication: "Now this election is over let's have some change and good government. Please give us 16 ounces to the pound, more qualified inspectors on meat, etc., more health officers on premises. I have no axe to grind."

DISAPPEARED FEEL SPLENDID

Stella Halquist, of Laporte, Minn., Tells How Her Troubles Disappeared After Taking Cardui, the Woman's Tonic.

Laporte, Minn.—"I am getting along fine and feel splendid, since taking Cardui," writes Mrs. Stella Halquist, of this place.

"I used to have backache, headache, and that tired out feeling. I had other womanly troubles and dragging sensations, but they have almost disappeared now.

"I cannot praise Cardui enough, for it has done wonders for me."

Cardui is no mere nerve sedative or pain queller, and contains none of the new headache ingredients, the too frequent indulgence in which may be dangerous.

On the contrary, Cardui is harmless, as its ingredients are mild, tonic herbs acting mainly on the female constitution and building up both nervous and vital energy.

No harmful effects can possibly come to young or old from the use of Cardui, the woman's tonic, and thousands of women have written like Stella Halquist, to tell of the great benefit they obtained from its use.

Ask your druggist.

NOTE—The Cardui Home Treatment for Women consists of Cardui ($1), Thedford's Black-Draught (25c.), or Velvo (50c.), for the liver, and Cardui Antiseptic (50c.). These remedies may be taken singly, by themselves, if desired, or three together, as a complete treatment for women's ills. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

..Theatrical..

The sale of reserved seats for "The Chocolate Soldier" will open this morning to subscribers, the reservation being for the night performance. Tomorrow morning both sales, for matinee and night, will open to the general public. The superb attraction comes for two performances Saturday and while it seems and is unnecessary to cite criticisms on such a brilliant offering, yet the following from the last Saturday morning's Savannah News will be of interest:

"That 'The Chocolate Soldier' is a most delectable theatrical bonbon was the verdict of a large audience at the Savannah theatre last night.

"There is little wonder, however, that the humor is so subtle, the dialogue so sparkling, the music so entrancing and the company so uniformly capable. The opera bouffe is based on George Bernard Shaw's "Arms and The Man," Oscar Straus wrote the music and F. C. Whitney is responsible for the presenting company. Such a combination could not be short of brilliant.

"Truly 'The Chocolate Soldier' marched into the hearts of Savannah theatregoers last night. The audience had surrendered before the first curtain. And the enthusiasm kept up throughout the three acts. It was probably the greatest musical treat of the entire season and theatregoers made it quite plain that they appreciate that which is really worth while. Those who did not attend last night's performance should not miss the opportunity that will be offered again this afternoon and tonight.

"Rena Vivienne as Nadina Popoff was most pleasing. She has a strong, clear voice that made her a favorite from the first. Miss Vivienne was in splendid voice last night and fairly thrilled her audience with her singing. Her name did not appear on the programme. Edith Singleton will sing the part at the matinee this afternoon and Grace Drew tonight. The role is a most exciting one.

"'As Mascha, Ilon Bergere was bewitchingly clever. Miss Bergere is pretty, vivacious and has a good voice. She is as active as a kitten and fairly running over with magnetism. She made an instantaneous hit with last night's audience. As Col. Kasimir Popoff, Edward Mulchay appeared to decided advantage. He has a strong sweet voice. George Tallman was splendid as the conceited Maj. Alexius and Lieut. Bumerli. 'The Chocolate Soldier,' was placed in most competent hands when entrusted to Charles Purcell, Frank H. Belcher was great Capt. Massakroff of the Bulgarian army. Margaret Crawford, who essayed the role of Aurelia Popoff, has a sweet contralto voice. But as has been said the company is uniformly clever. The chorus is an unusually large one and is made up of singers. They are not called on very often, but when the chorus is on the stage the volume of melody is great. The production is gorgeously dressed and the two stage settings are rich and massive. The company, of course, carries its own orchestra, under the able direction of John Lund. This opera bouffe in three acts as sung by last night's company is worth going a long distance to hear.'"

Polk Miller Quartette.

Among the most picturesque of the attractions offered by Richmond to a privileged few of the sight-seers there is a glimpse into the big tobacco factories while hundreds of negroes are singing at their work. It was there that Polk Miller, the famous Virginia entertainer, who will appear in Wilmington this evening under the auspices of the Y. M. C. A., found the dusky Carusos whom he has since organized into the oddest musical quartette now before the public.

With the one important exception of their ability to sing Polk Miller's "artists" lack every other qualification for stage presentation. They are very black. They never saw pigeontailed coats or glistening shirt fronts and if they ever got into patent leather shoes they would need crutches, too. There is no taint of education or polish about these sons of Ham. But they can sing with the natural-born ease and melody of the negro and the old plantation tunes, in their hands, are a revelation to those who have heretofore heard only the conventional rendering of the ever-popular airs.

The quartette will be one of the most interesting and entertaining features of the concert here. Songs by the negroes will alternate with folklore stories and recitations by Mr. Miller and Col. Booker, the whole providing a delightful programme that will give the younger generation a faithful picture of "auld lang syne," and take old time Southerners back to their boyhood days down on the farm.

Grand Theatre.

Seeing is believing. Any time the good people of this city think they have not the best moving picture in this country they are requested to visit some of the houses in the large cities and they will soon realize what is their good fortune to possess. The Grand press agent has just returned from several large cities and in his visit to over 20 of the leading houses in New York, Washington and Philadelphia, can honestly say that there are few who have more magnificent houses and absolutely none that present the class of entertainment that is offered right here at the Grand. There are few theatres that are showing first run films as the floating population there makes it unnecessary to attract people with new pictures. At the Grand the programme is changed daily and on every programme will be found the very newest reels which is proof positive that Grandites are being furnished with the best there is. On today's programme will be found three reels of the very latest make and a programme of new and up-to-date music by the Grand orchestra. Mr. Baldwin will sing the great ballad success, "Gee, But I Feel Blue," This is one of the newest ballads and will undoubtedly be a real treat.

Big Bill at Bijou.

The Bijou made another glorious start of a new week yesterday. It opened the new bill in fine style and big business was played to during the day. The matinees yesterday were largely attended by ladies and children, who always find pleasure in attending the Bijou. Yesterday, the great film, "Finland," was flashed on the screen and gave a vast amount of information, as well as furnishing a feast for the eye, because the film was a hand-painted Pathe and was decidedly beautiful. The other features of the superb bill were, of course, greatly enjoyed. The Bijou has another whopping mig programme, containing the rarest and best of moving pictures on for today. Mr. Banks has a big new song triumph and the orchestral electric piano will render an assortment of the catchiest and jolliest of airs.

Vaudeville—Crystal Palace.

There are two good interesting and entertaining acts at the Palace this week, both of which delighted the audiences on their initial appearance. Follette & Wicks are a comedy sketch team of more than usual ability, a comedian with plenty of new wit and humor, assisted by his able partner in songs and dancing, and the Kline Sisters, in a nobby singing and dancing act. Both were heartily received at all the performances yesterday. Several new pictures will be shown today, ad the picture of the children's toyland, miniature circuses, will be repeated.

Joyland.

The programme for today will be full of features and will embrace a collection of high-class drama, comedy and scenic productions from the film manufacturers direct. The comedy film on for today will please all as it is a top-liner and comes highly recommended. Mr. Reilly will have on a new song, which will please everyone.

NEW A. C. L. WAREHOUSE.

Terminal in Lower Freight Yard Is Completed—Building on Dock.

The new Coast Line warehouse, which has been in course of construction for several months in the lower freight yards near the Seaboard terminals, has been completed and will soon be placed in use. The work on the dock for the new terminal has been under way for several weeks and will also be finished within a short time. The new Coast Line warehouse is about the size of those built by the Seaboard and is splendidly located on the water front. The terminal has been built convenient to receive cargoes from steamers and schooners, which will begin discharging there within a short time.

IRREGULAR IN COTTON MARKET

Sharp Advance in Early Trading Followed the Decline—Liverpool Reported Less Active Trade Demand.

New York, May 1.—Predictions of frost in the Western belt caused rather a sharp advance in today's cotton market during the earlier trading, but there was considerable realizing and fluctuations became irregular later, with the close steady, net five points higher to six points lower.

The market opened steady, at an advance of seven points to a decline of four points, old crop positions being relatively steady, in the absence of important offerings, while the new crop was lower, under over-Sunday realizing. Liverpool, however, was relatively easy on the near months, with private cables reporting a less active trade demand and the relative ruling of the old and new crop here reversed with the new crop leading the advance during the morning on prospects for continued unsettled weather in the Eastern belt and for lower temperatures in the West.

The Western forecast called for frost tonight, thus confirming private predictions based on the showing of the early weather map, but failed to stimulate any great amount of fresh buying for long account and after showing a net gain of about 12 @13 points, new crop positions turned easier under realizing by early buyers.

The old crop found bull support around 15.32 for July, or about four points under the closing figures of last night, however, and the market in the late trading was irregular, closing several points up from the lowest, with the old crop relatively firm and in most instances showing net gains for the day.

Receipts at the ports today, 11,292 bales, against 9,320 last week, and 7,790 last year. For the week, 45,000, against 45,001 last week and 54,672 last year. Today's receipts at New Orleans, 1,554 bales, against 1,203 last year.

Spot closed quiet. Middling uplands, 15.45; middling gulf, 15.70; sales (delivered on contract), 37,800 bales.

Futures opened steady and closed steady.

Nursing Mothers and Malaria.

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

STOCKS HELD FIRM FOR DAY

Advance Halted During Early Trading to Await Court Decisions—Irregularity in Prices—Marked by Activity.

New York, May 1. — For a few hours today the advance in stocks, which progressed briskly in the closing days of last week was halted, while the market waited word from Washington as to whether decisions were to be announced by the Supreme Court in the anti-trust cases. There was some irregularity in prices, but the market held more firmly than on many other of the Supreme Court's "decision days," when it became known that the decisions were not to be handed down today, and the buying movement was resumed and prices moved upward.

Trading grew more active toward the end of the day, and at the close a number of substantial advances was distributed through the support of active issues.

Stocks were in scant supply even at the higher levels, a fact which encouraged bull operators to extend their activities.

Averse March reports of the two largest Eastern railroad systems had no effect upon the market. The Pennsylvania, by reducing its operating expenses more than 550,000, fulfilled expectations as to the result of its retrenchment policy, but the amount thus saved offset less than half of the decrease of $1,679,000 in gross receipts. The New York Central line proper reported a gain in net of $80,000, but losses of subsidiary companies were in some cases heavy, the report for all companies showing a decrease of $582,000 in net.

Lackawanna, New York, New Haven and Hartford, and Northern Pacific, also reported shrinkages in net returns.

Metal stocks were well supported, and their advances reflected the more cheerful sentiment in regard to the outlook for both the copper and steel markets.

The outlook for the steel trade is made somewhat brighter by the disposition of the railroads to re-enter the market. Preliminary estimates of the April earnings of the United States Steel suggested amount not far from the total of about $1,500,000, reported for March.

Canadian Pacific continued its record-breaking movement, rising 4½ points. Unusual activity and strength of Reading, second preferred, which gained five points was attended by a revival of the report that the issue would be retired.

The bond market continued active and prices were irregular. Total sales, par value, $3,701,000. United States government 2s declined ⅛. Total sales for the day, 527,200 shares.

DRY GOOODS MARKET.

New York, May 1.—The cotton goods market was firmer in spots, for the day, gray goods being more active at slight advances. Fine yarn goods were not so steady. Jobbing trade in this section is quiet. Retailers did a better business last week, in consequence of warmer weather. Carpets for fall opened at reductions varying from 7½ to 10 per cent. Dress goods are quiet. Raw silk, steady. Yarns, quiet and firm.

THE FINANCIAL MARKET.

New York, May 1.—Money on call steady, at 2¼@2¾ per cent; ruling rate, 2¾; closing bid, 2¾; offered at 2½. Time loans, dull; sixty days, 2¼ per cent; ninety days, 2¾; six months, 3. Prime mercantile paper, 3½@4 per cent; sterling exchange, steady, with actual business in bankers' bills at 4.84:40 for sixty-day bills, and at 4.86:45 for demand. Commercial bills, 4.83⅞; bar silver, 53⅝; Mexican dollars, 45.

THE WEATHER.

United States Department of Agriculture, Weather Bureau.

Wilmington, N. C., May 2nd.

Meteorological data for the 24 hours ending at 8 A. M., Monday, May 1st:

Temperature at 8 A. M., 70 degrees; at 8 P. M., 69 degrees; maximum, 81 degrees; minimum, 66 degrees; mean, 74 degrees.

Rainfall for the day, .00; for the month, .00 inch.

Stage of water in Cape Fear river at Fayetteville, at 8 A. M., Monday, 3.7.

Weather Forecast.

Do Ghosts Haunt Swamps?

No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C.; "and I've had fine health ever since." Use this safe, sure remedy only, 50c at R. R. Bellamy's.

ELECTION NOTICE:

The Board of Commissioners of New Hanover County in accordance with the provisions of an Act of the General Assembly of North Carolina passed at its 1911 Session, entitled "An Act to empower the Board of Commissioners of New Hanover county to issue bonds for road improvement and to construct bridges," and by virtue of the power therein given, do hereby call and give notice of an election to be held by the qualified voters of New Hanover county, on Wednesday, the 31st day of May, 1911, between the hours of sunrise and sunset, to determine whether New Hanover county, North Carolina, shall issue $50,000 of its bonds, with interest coupons attached, to continue and complete the repairing, construction and improving the public roads and bridges in said county.

At this election the ballots tendered and cast by the qualified electors shall have written or printed upon them "For continuing and completing the construction and improvement of the public roads and bridges of the County," and "Against the continuing and completing the construction and improvement of the public roads and bridges of the County".

All qualified electors who favor the issue of said bonds shall vote "For continuing and completing the construction and improvement of the public roads and bridges of the County," and all qualified electors who are opposed to the issue of said bonds shall vote "Against the continuing and completing the construction and improvement of the public roads and bridges of the county."

For the purpose of this election as authorized by the said Act, the said Board of Commissioners have ordered, and do hereby order, a new registration for said election, and the following are designated as the polling places in the several townships, precincts and wards, and the persons hereinafter named have been appointed as the Registrars and Judges of election in the said several townships, precincts and wards.

Cape Fear Township—Polling places, Blossom's Store, Castle Hayne; registrar, W. B. Hand; judges, W. H. Shearin and J. H. Johnson.

Harnett, First Division—Saeeden's Store, Delgado; H. C. Creech, registrar; W. A. Woods and E. C. Holt, judges.

Harnett, Second Division — Township House, polling place; J. A. Everett, registrar; Geo. R. Smith and Gerrit Walker, judges.

Masonboro township, Township House, polling place; F. A. Montgomery, registrar; D. D. George and Andrew Capps, judges.

Federal Point township, Carolina Beach, polling place; Hans A. Kure, registrar; Thos. J. Burnett and Melvin Horne, judges.

Wilmington—First ward, Precinct No. 1, Engine House, 4th and Campbell streets, polling place; Fred Moore, registrar; C. F. W. Rehder and F. P. Lamb, judges.

Wilmington—First ward, Precinct No. 2, Kerr's Store, 4th and Harnett streets; Isaiah West, registrar; Geo. H. Heyer and C. L. Spencer, judges.

Wilmington — Second ward, Woolvin Building, Princess street, polling place; C. H. Ward, registrar; T. W. Wood and F. S. Shepard, judges.

Wilmington — Third ward, Giblem Lodge, 5th and Princess streets, polling place; J. D. Bowen, registrar; L. B. Sasser and Russell Bellamy, judges.

Fourth Ward—W. P. Oldham's Store, Dock between Front and 2nd streets, polling place; M. Crouly, registrar; W. D. McMillan, Jr., and T. G. Pickett, judges.

Fifth Ward, Precinct No. 1, Engine House, 6th and Castle streets, polling place; Jno. W. Gafford, registrar; J. E. Taylor and Henry Gerdes, judges.

Fifth ward, Precinct No. 2, Market House, 5th and Castle streets, polling place; R. A. Burnett, registrar; J. O. Brock and T. B. Willard, judges.

The Registration Books of each Township ,precinct and ward will be kept open for the registration of electors for twenty days preceding the day for closing the registration books as hereinafter provided, Sundays excepted, between the hours of 9 o'clock A. M. and sunset on each day, beginning the 27th day of April, 1911; and said books shall be closed for registration at sunset on the second Saturday before the election, to-wit: On the 20th day of May, 1911, and on Saturday, the 27th day of April, 1911, and on the 6th day of May, 1911, and on the 13th day of May, 1911, and on the 20th day of May, the Saturdays thereafter, the registrars shall attend with their registration books at the polling places of their respective Townships, precincts and wards, for the registration of electors.

The registrars will attend the polling places of their respective Townships, precincts and wards with the registration books, on the Saturday preceding the election, to-wit, the 27th day of May, 1911, from the hour of 9 o'clock A. M., till the hour of 3 o'clock P. M., when and where the said books will be open for the inspection of the electors of said Townships, precincts and wards, and any of the said electors shall be allowed to object to the name of any person appearing on said books.

This, the 24th day of April, 1911, by order of the Board of Commissioners of New Hanover County.

D. McEACHERN,
Chairman.

Attest:
JOHN HAAR,
Clerk.

SMITH FOR MAYOR IN CITY ELECTION

(Continued from Page One.)

the First Ward 160 had registered and the total vote polled was 155. Of the remaining five one man has died since his name was placed upon the books and two others were out of the city, leaving only two in the precinct yesterday who did not vote. There was no challenging and only one registration yesterday, it being an instance of where the voter had become of age since the registration books had closed.

In the First Ward B. C. Moore got a majority of 244; in Second Ward the majority of Joseph D. Smith was 1,088; in the Third Ward the majority of W. E. Perdew was 103; in the Fourth Ward Parker Quince Moore received a majority of 32, and in the Fifth Ward M. G. Tiencken received a majority of 224.

The official vote was received by the County Board of Elections at the mayor's office and the same Board will meet again tomorrow at the same place and officially canvass the vote and announce the winners. The newly elected commissioners will assume the duties of office next Saturday although the first meeting of the board will not be held until the following Monday. The act provides among the first duties that "The Council shall, at the first meeting nad at the first meeting after its election hereunder, or as soon thereafter as practicable, elect by majority vote a clerk and treasurer, who shall be clerk to the council, a collector, a city attorney, chief of police, chief of fire department, who shall be building inspector, city engineer, superintendent of streets, three (3) public library trustees, and such other officers and assistants as shall be provided for by ordinance and necessary to the proper and efficient conduct of the affairs of the city."

There was much speculation last night as to who would be elected to fill the different offices under the commission. It was predicted that Mr. John J. Fowler, who is at present city clerk and treasurer, and who was defeated by Mr. P. Q. Moore, or Col. Charles H. White, who has been assistant city clerk and treasurer for the past thirteen years, would be elected as clerk and treasurer. Some were of the opinion that Mr. Fowler would be chosen as chief of police but the prevailing opinion appeared to be that this position would go to Charles S. Burnett, at present a member of the police force. Many predict that Mr. Thomas D. Meares, who has been clerk to the Board of Audit and Finance for several years, will be elected auditor. No change is looked for as to chief of the fire department and under the new act the chief of this department is also building inspector. Mr. Joseph W. Little it is predicted will be a candidate for city attorney, and it is said that Mr. Herbert McClammy, who has held the position for the past two years, will also probably be in the race.

There are a number of other offices of less importance to be considered by the commission but the above are the only ones that have been discussed as to the probability of who will be elected.

Last night the friends of the winners marched through the streets celebrating their victory. The largest procession was composed of supporters of Parker Quince Moore and with a brass band they went to the home of Mayor-elect Joseph D. Smith and congratulated him upon the honor which the voters of Wilmington yesterday bestowed upon him. He expressed his appreciation to the crowd and also made a short talk well suited to the occasion. Several other delegations visited Mr. Smith's home and extended congratulations.

Mr. Smith, the Mayor-elect is one of the city's most progressive young business men, being of the firm of Smith & Lord, real estate and insurance, and a large property owner. He was overwhelmed with congratulations at his home last night and stated that he was very grateful for the magnificent support given him by his friends of all persuasions. He will formally thank them later. He will make a fine chief executive and goes into the city without entanglements and alliances or pledges that would in any way compromise his future action.

The nominee for councilman from the First Ward, Mr. Bernice C. Moore, is also one of the city's younger and progressive business men, as indeed might be said of all the councilmen-elect. Mr. Moore is a druggist, bank and building and loan officer and director and made it conspicuous in his campaign announcements that he was the candidate of no clique or faction. He will make an ideal councilman and will be in a position to be of real service to the city.

Mr. William E. Perdew, of the Third Ward, is a member of the whoesale hardware firm of J. W. Murchison & Co., a member of the present Water and Sewerage Commission, president of a building and loan association, a large property owner and a generally successfully business man. He will make a good councilman.

Mr. Parker Quince Moore, councilman from Fourth Ward, is known as a conservative and level-headed business man, a large manufacturer of brick, property owner and has formerly served his city with ability as an alderman. He had a hard fight on his hands but won on his merits and those who supported him have every reason to be certain that he will make an ideal councilman.

Mr. M. G. Tiencken, councilman from Fifth Ward, ran a very close race for the Mayoralty. He is a large retail merchant, property owner and has served the city before as an alderman from his ward and as a member of the Board of Audit and Finance. He will be a valuable member of the council in any department to which he may be assigned.

The election may be said to be a victory for the extremes of neither faction that lined up for the fight; all members-elect, however, are sound conservative men and there can be no doubt that they have it in their power to provide Wilmington with a clean and satisfactory administration of the affairs of the city for the next two years.

STRIKES MARK MAY DAY.

Machinists and Bakers Walk-Out in New York—Features.

New York, May 1.—The schedule strike of machinists for an eight hour day, a walk-out of 1,000 bakers, two big parades and half a dozen smaller ones marked the passing of May day in labor circles here. The machinists strike was conducted quietly and without violence. Approximately 19 thousand men walked out, local labor leaders say. A free-for-all fight in which three persons were stabbed broke up one of the parades.

Three thousand paraders marched tonight down town to Union Square, held an open-air meeting and adopted resolutions protesting against the alleged kidnapping of suspects in the Los Angeles Times dynamiting case. The resolutions declared the case a parallel to that of Moyer, Heywood and Pettibone, and pledged organized labor to raise adequate funds for the defense.

Chicago, May 1.—Maintenance of way employes of six railroads, numbering 2,500 men, struck tonight when their demands for recognition of the Union and a wage increase were refused.

The total number of men involved in strikes and lookouts in and near Chicago as a result of May Day labor troubles is estimated at 12,000. The men out include 2,500 railroad men, 2,500 bricklayers, 6,000 in the building trades, 300 marble workers and 700 in miscellaneous unions. At the request of the railroad 25 details of policemen were sent to guard the propty involved.

FRIENDLY TOWARD AMERICA.

Celebration in Japan—Assurances to the Peace Congress.

Tokio, May 1.—Assurances to the American people that the sentiment of all Japan is friendly and peaceful and that the two countries should unite "to muzzle the mischievous peace breakers," were given in a resolution adopted at the conclusion of a notable banquet tonight by The Association of Friends in America and Japan in celebration of the conclusion of the Japanese American commercial treaty. A cablegram containing these sentiments was authorized in the resolution to be sent to the Third National Peace Congress, which meets in Baltimore this week.

The guests numbered 130 and included American Ambassador O'Brien, Marquis Komura, the foreign minister; Prince Tokugawa, president of the House of Peers; Baron Takahashi, Mayor Ozaki and many prominent Americans. Viscount Kaneko, who presided, roundly scored what he termed "the criminal breeding of mischief between the two nations whose manifest destiny is to together guard the control of the Pacific." Ambassador O'Brien replied in similar vein.

HOMICIDE IN WAKE.

One Negro Shoots Another—Pender and Edgecombe Farmers.

(Special Star Correspondence.)

Raleigh, N. C., May 1.—John Edwards has been brought to jail here from Swift Creek township to answer the charge of shooting to death Silas Dunn, both negroes. Edwards entered a dwelling where there were a number of other negroes carousing and declared boastfully that any man who meddled with him would get shot. The Dunn negro is said to have playfully rubbed the back of Edwards' head with his hand and defied him, whereupon Edwards drew his revolver and fired five shots.

State Chemist B. W. Kilgore, director of the State Test Farms, conducted in various parts of the State, left this afternoon with A. Cannon, of Henderson county, and R. W. Scott, of Alamance, members of the State Board of Agriculture, for a visit of inspection to the Pender and the Edgecombe county Test Farms. They will later make visitations to the Iredell Farm and those in the extreme western sections of the State, all of them, it is said, being in excelent condition for this season of the year.

WORKING FOR THE SOUTH.

Want Travel to the West for Exposition to Come Southward.

Atlanta, May 1.—With a view of diverting Southward the tide of travel to the West incident to the exposition at San Francisco and San Diego in 1915, the directors of the Atlanta Chamber of Commerce today decided to invite the co-operation of the Progressive Union, of New Orleans, the Chamber of Commerce, of Houston, and the Southern Commercial Congress in bringing to pass a meeting of railroad executives and general passenger agents.

The resolution was adopted at a luncheon given here today by G. Grosvenor Dawe, managing director of the Southern Commercial Congress; D. C. Collier, general manager of the San Diego Exposition, and Winfield Hogaboom, director of publicity for the San Diego fair.

DEATH LIST INCREASES.

Twelve Victims in Wreck of Teachers' Special in New Jersey.

Easton, Pa., May 1.—One more teacher, Miss Margaret Jones, 43 Eagle street, Utica, is reported among the missing and it is assumed she perished in the wreck at Martin's Creek. Counting Miss Jones dead, the total of the disaster at this time is 12, eight Uticans and four railroad men.

All of the injured at the Easton Hospital are recovering, those most seriously hurt showing marked improvement.

The only victim of the wreck who has been postively identified is Miss Louisa Lindaman, of Utica. She was identified by the buttons on her cuffs, which were not destroyed in the fire. All the bodies of the unidentified will be shipped to Utica tomorrow morning in a special train over the Pennsylvania and Delaware, Lackawanna & Western railroads.

YOU GET WHAT YOU PAY FOR.

The price of an article is almost always regulated by its quality. No manufacturer can hope, for any length of time, to get more for his goods unless the quality is really there.

In cooking fats, Cottolene occupies a position superior in quality to all others. It is made in cleanly surroundings, and is packed in air-tight pails of special design, that keep the contents sweet and fresh—free from dust and odors.

Cottolene is richer and will go one-third farther than lard or other cooking fats made to resemble Cottolene. Your grocer may ask you a trifle more for Cottolene, but isn't it worth more?

MAY DAY IN FRANCE.

Great Demonstrations Marked the Event in Paris.

Paris, May 1.—During the hours of the day the extra troops and those from the Paris garrison and the police had little trouble with the crowds of workmen who gathered to celebrate May Day with great demonstrations, but late in the evening things took on a livelier aspect and there were many collisions in the streets. About 7 P. M. hundreds of thousands of persons for the most part spectators, gathered in the place de la Concorde and adjacent streets. Troops and police finally succeeded in dispersing them and this district and the Champs Elysees took on their habitual aspect.

M. Lepine, prefect of Paris, announced that the disturbances had nowhere assumed a serious character and that this May 1st had passed more quietly than ever before known.

About 9 o'clock, however, several thousand manifestants re-assembled before the big St. Paul riding school, near the Bastile and listened to internationalist and anti-militarist speeches by revolutionary leaders. Large forces of police troops held the surrounding streets. A German workman, wearing a tri-colored rosette in his buttonhole, declared, amidst thunders of applause, in the name of his comrades that in case of war German workers would refuse to raise their weapons against their French comrades. The close of the meeting was marked by serious disturbances. The manifestants fought the police tooth and nail before they were finally dispersed.

Many rioters were knocked down and trampled in the charges. A score of police were injured. Many rioters were arrested.

CARNEGIE TRUST PROBE.

Investigating Affairs of Failed Banking Co.—Great Secrecy.

New York, May 1.—The grand jury investigating the failure of the Carnegie Trust Company handed an indictment to Justice Davis in the criminal branch of the Supreme Court here late today. The proceeding was surrounded with great secrey, but it was aid that the indictment was drawn under a section of the penal law which makes it a felony for a public official to "receive value in consideration of his vote, open, action, judgment or decision in any affairs of his office."

The law names a ten-years sentence in prison or a $5,000 fine or both as the penalty.

Today's indictment was marked "N. A." which means "no arrest." District Attorney Whitman when asked if a bench warrant would be issued said:

"The indictment is of such great importance that I have left everything in connection with it to the discretion of Justice Davis."

It is reported that the indictment is of more consequence than any other so far found by this grand jury but the name of the accused man, it was said, would not be revealed until an arrest had been made.

NORFOLK SOUTHERN ROAD.

Voted on Bonds for Erection of New Union Depot.

New York, May 1.—The stockholders of the Norfolk Southern Railroad in annual meeting today voted to join with the Norfolk & Western and Virginia Railways in guaranteeing not to exceed $2,000,000 in bonds of the Norfolk terminal railway for the erection of the proposed new union depot here and elected the following directors, ofr the ensuing year: Frederick Bull, T. L. Chadbourne, Jr., Geo. C. Clark, R. R. Colgate, E. C. Duncan, C. Foy, Rathbone Gradner, George J. Gould, John Y. Waterbury, Oakleigh Thorne, S. b. Schoonmaker, Frank A. Sayles, Marsden J. Perry, S. M. Nicholson, E. T. Lamb, Frederick Hoff and Caldwell Hasty.

5,000 APPLICANTS IN LINE.

Seeking Civil Service Appointments—Nearly All Negroes.

Washington, May 1.—Five thousand men and women, most of whom had been standing in line since 11 o'clock last night, besieged the civil service commission offices today when 2,000 blanks, entitling applicants to take civil service examinations for laborer or charwoman, at from $180 to $600 a year were distributed. Nearly all of the applicants were negroes, but there were many white men and here and there in the line a white woman might be seen. Of those who finally received blanks probably three-fourths never will secure appointments.

BANKERS AT NASHVILLE.

Executive Council of American Association is in Session.

Nashville, Tenn., May 1.—The feature of the meeting of the executive council of the American Bankers Association, which began today, was the address of James B. Forgan, president of the First National Bank of Chicago, delivered at the banquet tendered by local bankers tonight. Mr. Forgan spoke on monetary legislation, including the possibilities of the plan of former Senator N. W. Aldrich, of Rhode Island.

Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking. The formula is plaimy printed on every bottle, showing it is simply Quinine and Iron in a tasteless form, and the most effectual form for grown people and children 50c.

$1.00 yard-wide taffeta silk, 69c at Rehder's May Sale. **

BIG TEST CASE ARGUED.

Twelve Millions Involved in Case Before Court of Claims.

Washington, May 1.—Approximately $12,000,000 is understood to be involved in a test case argued before the Court of Claims today. It was as to the question of the jurisdiction of the claims court over a large number of cases against the government on account of abandoned and captured property, particularly cotton in the South during the Civil War. Many bills have been introduced in Congress for reparation of claimants were referred to the court and the allowance of the claims on the merits hinges largely upon today's arguments which were made for the government by Attorney William H. LaMar, of the Department of Justice and for the claims by William B. King.

Under No Circumstances

would we be afraid to have you compare our goods with any of our competitors, for experience has proven that our line is the most reliable that can be offered to buyers. In purchasing diamonds, watches or silverware, it is necessary to know the exact facts about them. We encourage "inquisitiveness" in our customers, and delight in telling them the plain truth about our goods. That, with courteous treatment has won solid, lasting friends for us, and we propose to keep it up.

Service & Safety

Perfect safety and the best service go hand in hand with us. A conservative policy has never been sacrificed for passing advantage, and the careful business man recognizes that such a system is the rock upon which a great banking institution is reared.

We treat our depositors much as a good commercial house would treat its customers, knowing that their good will and approval of our service is as vital to us as if we sold goods. We have no friends to reward or enemies to punish, and large depositors and small are on the same plane.

We will be glad at any time to receive all or part of your account, and our perfect organization and up-to-date methods are always at your command.

ICE! ICE!! ICE!!!
-:-YES-:-
ICE! ICE!! and ICE!!!

One might almost be led to believe that this community had never seen Pure Ice until this good year 1911.

A great man once said "there is nothing new under the sun" and this is so to a great extent when it comes to the manufacture of ice.

Now, as a matter of fact, The Independent Ice Company has been for ten years and is still making as pure, as clean, as healthful to use ice as can be found in all North Carolina. We defy anyone to prove to the contrary. Our prices are as low as the lowest. We give full guaranteed weight. Our service is the best Wilmington ever had. We have a polite, accommodating corps of officials who will thank any one to report any act of neglect or discourtesy on the part of our wagon drivers or helpers.

Do the right thing for yourselves and for ourselves by taking ice from the old reliable.

THE INDEPENDENT ICE CO.

The Atlantic Trust & Banking Co.

Solicits your Savings Account. Money deposited Here on or before May 2nd will Draw Interest from May 1st, payable on September 1st, and will be Compounded Every Three Months on First Days—December, March and June.

Deposit your Savings with

The Atlantic Trust & Banking Co.
"The Bank that PAYS YOU TO SAVE."

TURPOILINE
CHEAPER THAN TURPENTINE

It is an odorless mineral product, which possesses great solvent power for paints and varnishes, has the requisite high flash for working and the clean evaporation which leaves the coating in perfect condition.

TURPOILINE makes a free flowing varnish, free from bloom. It flat colors better than turpentine.

TURPOILINE is thorough uniform; you can be assured of receiving the same product all the time.

TURPOILINE costs less and works well.

TURPOLINE is the most satisfactory product on the market for the paint and varnish man.

Try TURPOILINE. One thorough trial will convince you.

"Ask Those Who Use It"

PLATE ICE

sold by this company is preferred by all discriminating consumers,

BECAUSE

it's all Ice (no snow) and has proven to be exactly as represented, clear, hard and lasts longer than other ice.

THE PUBLIC

is cordially invited to visit and inspect our plant at Hilton and see how Plate Ice is made. Ladies are especially welcome at all times.
